

Support the University Without Ever Writing Another Check

Use EFT—a convenient, almost effortless way to be part of the continuing success and excellence of the University of Illinois.

EFT is a safe, proven electronic funds transfer plan that delivers your gifts directly and automatically to the U of I Foundation from your checking or savings account. You remain in complete control of the amount and timing of your gifts that are made in installments only as you have pre-authorized. EFT has been making giving easier for donors and nonprofit organizations nationwide for more than a dozen years. You may already be using EFT technology to receive payroll or pension payments or to make mortgage, insurance, utility and other types of recurring payments. Now your bank is

participating with the U of I Foundation in EFT for your giving to the University. You let your bank pay your gifts or pledge installments automatically until you decide to stop.

You'll save time and money with EFT because when you make your gift or pay on your pledge there's:

- no more remembering when to pay your gift subscription;
 - no time-consuming writing or mailing of checks;
 - no check or EFT service fees; and,
 - no stationery costs or postage to pay.
- You can spread your contribution into installments over the entire year—helping your personal budget and making it more affordable to give and to increase your support of the University.

The University, as always, will receive your gift in full just as you have designated. With EFT, the Foundation can keep its administrative expenses down due to fast, efficient and cost-effective gift processing. Even the reduced paperwork helps the environment. And everyone benefits from the reduced cost and number of telephone and mail requests and reminders.

To make your gifts via EFT, simply fill out and return the attached authorization form.

However you choose to contribute, your gifts are vitally important to the University of Illinois, and greatly appreciated.
