General Description of agency or business

We are a governmental consulting company that provides clients with representation, research and outreach in relation to legislative goals.

Internship or Job Description

Research Intern

- Research legislative issues
- Track legislation important to clients
- Aiding in the drafting of weekly reports
- Other duties as assigned

Basic student learning anticipated

Working for our company will give a student broad experience in the legislative process and would serve as an excellent opportunity for a student wishing to pursue a legislative career.

Mr. Lowder served 14 years as Director of the House Democratic Research and Appropriations staff and can provide a unique insight into the developing the skills necessary to understanding the workings of the legislative process.

Hours per week: Varies according to schedule

Number of weeks: 16-20

Position Available: Spring

Stipend negotiable

11/24/13
