Candidate Statement: (no more than 150 words)

I have only been at UIS and in Springfield since the fall of 2010 but in that short period of time I have been able to become involved in a number of projects at the university and in the community, that have been incredibly rewarding both professionally and personally. I view my nomination to the Campus Senate as another exceptional opportunity to become involved at UIS and apply my academic and practitioner experience to assist and serve the university in any way I can.
