UNIVERSITY OF ILLINOIS AT SPRINGFIELD
CAMPUS SENATE AY 2012/2013
RESOLUTION 42-18

Creation and Approval of a Bachelor of Science in Information Systems Security in the Computer Science Department

WHEREAS, a B.S. in Information Systems Security will provide students with knowledge about fundamental concepts of information systems security; and

WHEREAS, after completing a B.S. in Information Systems Security students will be able to demonstrate and communicate best security practices and ethics; and

WHEREAS, a B.S. in Information Systems Security will prepare students to design and implement secure systems; and

WHEREAS, there is a well-documented and sustained need for trained individuals in the area of Information Systems Security;

WHEREAS, the B.S. in Information Systems Security can be offered by the Computer Science Department with no immediate new resources;

WHEREAS, the goals of the B.S. in Information Systems Security are consistent with UIS’s mission; and

WHEREAS, at its meeting on January 31st, 2013 the Undergraduate Council unanimously approved the creation of the B.S. in Information Systems Security;

THEREFORE, BE IT RESOLVED that the Campus Senate of the University of Illinois Springfield support and approve the creation of a Bachelor of Science in Information Systems Security.
