The CLS Program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). The CLS Program provides students with academic and laboratory experiences both on-campus and in actual clinical settings. The program offers excellent laboratory facilities, a low student/teacher ratio, experienced faculty, and a job placement rate for graduates of 100%. Students complete clinical experiences at Memorial Medical Center in Springfield, Methodist Medical Center in Peoria, Decatur Memorial Hospital and St. Mary's Hospital in Decatur. Applicants need to consider transportation to and housing at clinical sites outside Springfield.
