

Application for Honors in Chemistry

The UIS catalog statement below lists the requirements for honors in chemistry.

Chemistry majors may elect to participate in the honors program in chemistry. To graduate with honors in chemistry, a student must complete all degree requirements, have a minimum GPA of 3.00 for UIS chemistry courses and 3.50 for UIS courses overall, complete CHE 422 Inorganic Chemistry, and make a public presentation of the results of undergraduate research (CHE 400 or similar experiential learning project). Students must apply for honors designation to the Chair of the Chemistry Department prior to their final semester at UIS.

I, _____ believe that I meet the requirements for honors in chemistry. I expect to graduate in the _____ semester of _____ (year).
