

UIS ECCE Speaker Series is on iTunes!

- Only events that are webcasted/recorded are put on iTunes.
- All downloads are free.
- Even though these events are webcasted (video-taped), the events that you download from iTunes are only audio.
- Listen to events in your car, the gym, or while you are just sitting around on campus. No need to have a computer to watch an event for Speaker Series credit – just pull out your IPOD.
- You don't have to have an IPOD to play these podcasts. You can just save them to your computer and listen that way!

How to access:

- Once you have opened iTunes on your computer, click on the iTunes Store (left hand side of page).
- Once in the store, look at the top toolbar and click on iTunes U.
- Once in iTunes U, click on Universities and Colleges (right hand side at top of page).
- Then go to the "U's" and click on University of Illinois Springfield.
- In the community box (center of page), click on the ECCE Speaker Series link.
- The events available to download will be brought up. The newest events are at the bottom of the list.
- Click on GET and iTunes will download.
