

AAS 433 Civil Rights Mvmt/20th Century

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	30	(10)	30		
Spring 2005	27	(17)	30		

Catalog	Course Description
Fall 2004	Examines the development of the Civil Rights Litigation Movement and the modern Civil Rights Movement. Issues of Black nationalism, reparations, pan-Africanism, socialism, communism, and Black Power are also reviewed. Major personalities such as B.T. Washington, Marcus Garvey, Asa Randolph, Queen Mother Moore, Angela Davis, and Helen Edmonds are explored and analyzed. Course Information: This course fulfills a general education requirement at UIS in the area of Social and Behavioral Sciences.

AAS 440 Topics in Africana History

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	25	(12)	25	Africana Hist/Age of Jim Crow	

Catalog	Course Description
Fall 2005	Selected topics of special interest in African American History. Specific topic is reflected in class title in each semester schedule. Description of topic will be available in Department office and in the Schedule Addendum. May be repeated if topics vary.

AAS 460 Topics in Africana Literature

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	7	(1)	10	Black Poetry/ Cultural Context	* Same as ENG 480 D.

Catalog	Course Description
Fall 2005	Selected topics of special interest in African American Literature and Culture. Interdisciplinary topic is reflected in class title in each semester schedule. Description of topic will be available in Department office and in the Schedule Addendum. May be repeated if topics vary.

ACC 311 Administrative Uses Of Acctg

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	21		Requires Instructor Approval
Fall 2005	21	(5)	25		Requires Instructor Approval
Spring 2005	21	(2)	21		Requires Instructor Approval
Fall 2004	27	(6)	30		Instructor Permission Required

Catalog	Course Description
Fall 2005	For students whose objectives are to develop an understanding of uses of accounting information for planning, control, and decision making. Emphasizes accounting processes and measurements, significance and limitations of financial statements, and managerial accounting concepts and applications. Course Information: Not accepted toward requirements of Accountancy degree.
Fall 2004	For students whose objectives are to develop an understanding of uses of accounting information for planning, control, and decision making. Emphasizes accounting processes and measurements, significance and limitations of financial statements, and managerial accounting concepts and applications. Course Information: Not accepted toward satisfaction of accountancy department requirements.

ACC 435 Accounting Information Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	17	()	20		Instructor Permission Required

Catalog	Course Description
Spring 2006	Information system concepts, including accounting transaction cycles and documentation techniques for various technologies, recent trends impacting computerized accounting systems and data management tasks will be addressed, emphasis on design of systems that provide adequate internal control. Course Information: Prerequisite: Introduction to Financial Accounting and Introduction to Managerial Accounting, or equivalent, or consent of instructor.
Fall 2004	Information system concepts, including accounting transaction cycles and documentation techniques for various technologies, recent trends impacting computerized accounting systems and data management tasks will be addressed, emphasis on design of systems that provide adequate internal control. Course Information: Prerequisite: Introduction to financial accounting and introduction to managerial accounting, or equivalent, and MIS 352, or consent of instructor.

ART 436 Graphic Design

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	10	(5)	10		Requires Instructor Approval
Spring 2005	5	(3)	5		*Same as COM 436.
Spring 2005	5	(4)	5		*Same as COM 436. LIS majors only

Catalog	Course Description
Fall 2004	Introduction to the production of printed materials using desktop publishing, illustration, and image-manipulation software on the PC or Macintosh. Includes aesthetic understanding and use of typography and applications of basic design principles to publications such as posters and brochures. Course Information: Same as COM 436.

AST 300 General Applied Study Term

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	1		
Spring 2006		()	4		
Spring 2006		()	5		Requires Instructor Approval
Spring 2006		()	10		
Fall 2005	1	(1)	1		Requires Instructor Approval
Fall 2005	5	()	4		Requires Instructor Approval
Fall 2005	10	(1)	10		Requires Instructor Approval
Summer 2005	1	()	1		Requires Instructor Approval
Summer 2005	1	()	1		
Summer 2005	1	()	5		Requires Instructor Approval
Summer 2005	4	()	5		Requires Instructor Approval
Summer 2005	6	(2)	7		
Summer 2005	7	()	8		
Summer 2005	8	(2)	10		Requires Instructor Approval
Summer 2005	15	()	16		Requires Instructor Approval
Summer 2005		()	6		Requires Instructor Approval
Summer 2005		()	6		Requires Instructor Approval
Spring 2005	1	()	5		Requires Instructor Approval
Spring 2005	6	()	4		Requires Instructor Approval
Spring 2005	6	()	10		Requires Instructor Approval
Spring 2005		()	1		Requires Instructor Approval
Fall 2004	1	()	5		Instructor Permission Required
Fall 2004	3	()	5		Instructor Permission Required
Fall 2004	14	()	5		Instructor Permission Required

Catalog	Course Description
Fall 2004	An individualized field experience providing students with the opportunity to apply theory, expand knowledge, determine additional learning needs, explore careers, and develop a public awareness and an appreciation of diversity. A required seminar is the academic component that provides a theoretical basis for learning and integrating the field experience. Course Information: Credit/No Credit grading only. May be repeated to a maximum of 12 hours with approval.

AST 401 Assessment Of Experiential Lrn

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	15	Prior Lrning Portfolio Assess	Requires Instructor Approval
Fall 2005	8	(4)	15		Requires Instructor Approval
Spring 2005	6	(3)	25		Requires Instructor Approval
Fall 2004	10	(5)	15		Instructor Permission Required
Fall 2004	15	(12)	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Designed to assist learners in identifying, articulating, and documenting learning acquired outside the traditional classroom. Includes the development of a portfolio containing narrative requests for credit describing specific areas of learning and the documentation verifying those claims. Course Information: Credit/No Credit grading only.

BIO 305 Plants And Society

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	22	(12)	20		Requires Instructor Approval
Summer 2005	24	(1)	20		Requires Instructor Approval
Summer 2005	28	(5)	25		
Summer 2005	28	(6)	50		Requires Instructor Approval

Catalog	Course Description
Fall 2004	Lecture and laboratory experiences about plants as used by people and the importance of plants in human affairs. Includes an overview of the fundamentals of life and flowering plant form, function, and reproduction. Plant products such as fruits, grains, legumes, medicines, herbs and spices, drinks, textile fibers, lumber, poisonous and psychoactive plants, and forages are studied. The two-hour option is a non-laboratory science course for non-science majors. The four-hour option is a laboratory science course for non-science majors. Course Information: This course fulfills a general education requirement in the area of Life science.

BUS 300 Marketing Communications

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	25	(19)	25		

Catalog	Course Description
Fall 2004	Online service course for students not in the College of Business and Management and for students with no prior coursework in business or marketing. An introduction to business and marketing is followed by several major topics within the field of marketing including targeting, advertising, two-way communications, marketing on the Internet, sales management, and the personal selling process. Course Information: May not be used toward any degree awarded by the College of Business and Management.

BUS 301 Marketing Communications

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Spring 2006		()	25		

Catalog	Course Description
Fall 2005	Online service course for students not in the College of Business and Management and for students with no prior coursework in business or marketing. An introduction to business and marketing is followed by several major topics within the field of marketing including targeting, advertising, two-way communications, marketing on the Internet, sales management, and the personal selling process. Course Information: May not be used toward any degree awarded by the College of Business and Management.

BUS 303 Current Iss in Bus:Lib Studies

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	23	(18)	25		
Summer 2005	24	(15)	25		
Spring 2005	23	(22)	20		

Catalog	Course Description
Fall 2005	Service course for non-business students. It blends issues from business with relevant concepts from science, social science and the liberal arts. Starting with considerations of the environment of business - social, economic, legal/regulatory, competitive, and ethical - the course relates current issues in the functional areas of business such as marketing and information systems to the formulation of business strategy. Course Information: May not be used toward any degree awarded by the College of Business and Management.

BUS 322 Princ of Operations Management

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		

Catalog	Course Description
Fall 2004	Introduction to OM techniques including their application to functional areas of the business enterprise and operations control. Topics include product and production planning, facilities layout and location planning, project evaluation and control, linear programming, waiting line and inventory modeling, production control, and quality planning and control. (CBM Core Course) Course Information: Prerequisites: ECO 313 and advanced mathematics, or equivalents.

BUS 351 Human Resource Management

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	3	()	20		
Fall 2004	17	(10)	13		Instructor Permission Required

Catalog	Course Description
Fall 2004	Introduction to the field of human resource management. Topics include employment, placement, personnel planning, training and development, performance appraisal, compensation and benefits, labor relations, and legal and ethical issues associated with health, safety, and security. These topics are examined in relation to the operational activities of the profit-seeking business enterprise. Course Information: Prerequisite: ECO 313, or equivalent.

BUS 435 Sales And Sales Management

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	26	(7)	25		
Fall 2004	23	()	20		

Catalog	Course Description
Fall 2004	Principles of successful professional selling. The management aspect concerns recruitment, organization, motivation, direction, and control of the sales force. Requires access to the Internet for some assignments. Course Information: Prerequisite: BUS 312.

CHE 311 Chemistry Of Everyday Life

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		
Spring 2006		()	10		
Spring 2006		()	10		
Fall 2005	9	(1)	10		Requires Instructor Approval
Fall 2005	10	(6)	10		LIS majors only. Requires Instructor Approval
Fall 2005	11	()	10		Requires Instructor Approval
Fall 2004	3	(4)	5		LIS majors only.
Fall 2004	5	(4)	5		LIS majors only
Fall 2004	7	()	10		Instructor Permission Required
Fall 2004	13	()	11		Instructor Permission Required

Catalog	Course Description
Fall 2004	Applications of chemistry in living organisms and in society examined in laboratory and lecture settings. Chemical principles studied in relation to health and consumer awareness. Four-hour option includes laboratory. Course Information: This course fulfills a general education requirement in the area of Physical science.

COM 302 Intro To Interpersonal/Org Com

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	20	(3)	20		
Spring 2005	7	(6)	10		
Spring 2005	10	()	10		

Catalog	Course Description
Fall 2004	Fundamental theories and concepts in interpersonal and organizational communication. Specific theories of how humans establish meaning systems and form communication relationships. Course Information: Topical area: Interpersonal & Organizational.

COM 303 Intro To Mass Media

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	19	(1)	20		

Catalog	Course Description
Fall 2004	Introduction to mass media, including theory, history and tradition, structure and function, controls on the media, technology, ethical and legal issues, and future trends. Course Information: Topical area: Mass Media.

COM 411 Computer Med Interpers Communi

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		

Catalog	Course Description
Spring 2006	This course explores the ways in which our personal identity is mediated through electronic communication by providing students with an understanding of the human-computer interface. Intrapersonal, interpersonal, group, and organizational levels of computer mediated communication are considered. Students will develop effective practices for using electronic communication across a variety of communication contexts.

COM 436 Graphic Design

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	9	()	20		Requires Instructor Approval
Spring 2005	4	(3)	5		*Same as ART 436. LIS majors only
Spring 2005	6	()	5		*Same as ART 436.

Catalog	Course Description
Fall 2004	Introduction to the production of printed materials using desktop publishing, illustration, and image-manipulation software on thePC or Macintosh. Includes aesthetic understanding and use of typography and applications of basic design principles in publications such as posters and brochures. Course Information: Same as ART 436. Topical areas: Interpersonal & Organizational, Mass Media.

COM 458 Media From Liberal Arts Perspc

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	20	(6)	20		
Summer 2005	13	(4)	20		Requires Instructor Approval
Summer 2005	16	(7)	20		
Spring 2005	19	(11)	20		
Fall 2004	19	(6)	20		

Catalog	Course Description
Fall 2004	Examination of popular media, with a focus on television, from a liberal arts perspective and particularly from the perspective of how television presents, distorts, and comments on each of the Ernest Boyer learning categories. Collectively, television and other mass media supply practically an unlimited range of resources across all Boyer categories. Course Information: Topical area: Mass Media.

CRJ 321 Juvenile Delinquency

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	9	(2)	20		*Same as SOA 321. Requires Instructor Approval
Summer 2005	13	()	12		Requires Instructor Approval

Catalog	Course Description
Fall 2004	Theoretical explanations of juvenile delinquency with critical view of their value in the field, followed by practical and analytical view of juvenile justice systems in operation. Course Information: Same as SOA 321. This course fulfills a general education requirement at UIS in the area of Social and Behavioral Sciences.

CSC 318 Computer Literacy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to LIS majors.
Spring 2006		()	10		
Spring 2006		()	20		
Fall 2005	8	(8)	10		LIS majors only
Fall 2005	10	(4)	10		
Fall 2005	18	(7)	20		
Spring 2005	10	(2)	10		
Spring 2005	10	(9)	10		
Spring 2005	20	(7)	20		
Fall 2004	9	(2)	10		
Fall 2004	10	(5)	10		LIS majors only
Fall 2004	19	(10)	20		

Catalog	Course Description
Fall 2004	Introduction to computers for personal and professional use. A course of general interest, giving experience with personal computer software including word processing, spreadsheet, database, and electronic communication applications; information retrieval from the Internet; and fundamental computer literacy. Considerable time in computer lab is required.

CSC 319 Computer Programming

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to LIS majors.
Spring 2006		()	10		
Fall 2005	4	(3)	5		LIS majors only.
Fall 2005	14	(3)	15		
Fall 2005		()	20		
Spring 2005	2	(2)	10		
Spring 2005	7	(2)	10		
Fall 2004	5	(4)	10		LIS majors only.
Fall 2004	7	(1)	10		

Catalog	Course Description
Fall 2004	An introduction to structured programming. Emphasis on control structures, simple data types including arrays, and creating simple Windows applications. Assigned problems require considerable time in the computer lab. For students who do not intend to major in computer science. Course Information: Prerequisite: CSC 318, or equivalent computer experience with Windows applications.

CSC 320 Intro To HTML/Web Development

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to LIS majors.
Spring 2006		()	10		
Spring 2006		()	20		
Fall 2005	9	(9)	10		LIS majors only
Fall 2005	10	(3)	10		
Fall 2005	19	(5)	20		
Spring 2005	9	(9)	10		
Spring 2005	10	(2)	10		
Spring 2005	17	(3)	20		
Fall 2004	9	(7)	10		LIS majors only
Fall 2004	11	(1)	10		
Fall 2004	19	(7)	20		

Catalog	Course Description
Fall 2004	This course is designed to introduce a student to the principles of publishing on the World Wide Web (WWW). The course is designed to be platform independent and will enable a student to create "web pages" on any server on the Internet that runs a standard http server. The focus will be on the background code (Hyper-Text Markup Language) not on editors or programs that convert other types of documents into html.

CSC 321 Intermediate Web Development

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval , contact csc@uis.edu
Fall 2005	4	(1)	20		
Spring 2005	9	(1)	20		Requires Departmental Approval , contact csc@uis.edu
Fall 2004	15	(6)	20		

Catalog	Course Description
Fall 2004	Introduces students to basic HTML programming and to a number of HTML editors. Special emphasis will be made on the use of Dreamweaver, a macromedia product, rated as a best HTML editor.

CSC 376 Computer Organization

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval contact csc@uis.edu
Fall 2005	15	()	20		Departmental Approval Required, contact csc@uis.edu
Spring 2005	16	()	20		
Fall 2004	8	()	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Introduction to elementary computer architecture and assembly/machine language. Emphasis on the fetch-execute cycle and CPU organization, binary information representations, combinational logic, and sequential circuits. An overview of the memory hierarchy and I/O interfaces included as time permits. Course Information: Prerequisite: CSC 375 and MAT 302. MAT 302 may be taken concurrently.

CSC 385 Data Structures and Algorithms

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval contact csc@uis.edu
Spring 2006		()	20		
Fall 2005	12	()	20		Requires Departmental Approval
Fall 2005	16	()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2005	18	()	20		Departmental Approval Required, contact csc@uis.edu . Class changed to Online.
Spring 2005	19	()	20		Restricted to Online Computer Science Majors.
Fall 2004	17	()	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Object-oriented software design including sorting and searching algorithms. Implementation of trees, graphs, and other advanced data structures. Algorithm analysis of running times and storage requirements. Course Information: Prerequisites: MAT 302 and CSC 375.

CSC 387 Foundations/Computer Science

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval contact csc@uis.edu
Fall 2005	23	()	20		Departmental Approval Required, contact csc@uis.edu
Spring 2005	22	()	20		Restricted to Online Computer Science Majors.
Fall 2004	26	()	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	An overview of selected computer science topics: computers and society, software engineering, file structures, database structures, artificial intelligence, theory of computation, and human-computer interaction. Topics are selected to complement material in the core computer science curriculum. Course Information: Prerequisite: CSC 375.

CSC 388 Programming Languages

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval contact csc@uis.edu
Fall 2005	23	()	20		Departmental Approval Required, contact csc@uis.edu
Spring 2005	13	()	20		
Fall 2004	13	()	20		Instructor Permission Required

Catalog	Course Description
Spring 2006	Design principles and implementation of computer programming languages. Topics include syntax, data types, control structures, storage management, and binding. Four programming language paradigms studied: imperative, object-oriented, functional, and logical. Languages studied might include C#, Smalltalk, Java, LISP, and Perl. Course Information: Prerequisite: CSC 385.
Fall 2004	Design principles and implementation of computer programming languages. Topics include syntax, data types, control structures, storage management, and binding. Four programming language paradigms studied: imperative, object-oriented, functional, and logical. Languages studied might include C#, Smalltalk, Java, LISP, and Perl. Course Information: Prerequisite: CSC 375.

CSC 389 Intro to Operating Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval contact csc@uis.edu
Fall 2005	20	()	20		Departmental Approval Required, contact csc@uis.edu
Spring 2005	21	()	20		

Catalog	Course Description
Fall 2004	Assemblers, macro processing, loaders, time sharing operating system, process control, I/O, primary memory allocation, and virtual memory. Course Information: Prerequisites: CSC 375 and CSC 376.

CSC 410 Current Topics/Prof Developmnt

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Emerging Networking Issues	
Spring 2006		()	20	Tech Tools/Teaching & Learning	Contact mlindema@uillinois.edu . Requires Departmental Approval

Fall 2004		()	10	Topic:Practicum	Instructor Permission Required

Catalog	Course Description
Fall 2004	Includes materials on current topics that are identified as being on the cutting-edge of computer science. Descriptions change according to topic. CSC majors need prior approval to apply this course to their degree requirements. Course Information: May be repeated if topics vary. Students may register in more than one section per term.

CSC 470 Topics in Computer Science

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Top:Systems Programming Lang	Prerequisite: CSC 375.
Spring 2006		()	20	Foundations / Network Security	Requires Departmental Approval, contact csc@uis.edu
Spring 2006		()	20	Ethics/Security	Requires Departmental Approval, contact csc@uis.edu
Fall 2005	14	()	20	Topic:System Prog Lang	Departmental Approval Required, contact csc@uis.edu
Fall 2005	20	()	20	Topic:Found/Network Security	Requires Departmental Approval, contact csc@uis.edu
Spring 2005	19	()	20	Top:Systems Programming Lang	Prerequisite: CSC 375.

Catalog	Course Description
Fall 2004	Various topics; description changes according to topic offered. See course schedule for prerequisites. Course Information: May be repeated if topics vary. Students may register in more than one section per term.

CSC 471 Computer Ethics for Profession

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	24	()	20		Requires Departmental Approval, contact csc@uis.edu
Summer 2005	25	()	23		Requires Departmental Approval
Summer 2005	26	()	25		Requires Departmental Approval
Spring 2005	25	()	20		Restricted to Computer Science Majors
Fall 2004	22	(1)	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Computer ethics explores the interaction between technical decisions and human values. We also study how computing and telecommunications impact society. This class is limited to computer science majors and students with equivalent backgrounds.

CSC 477 Usability Engineering

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	20	()	20		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Spring 2006	Provides an analysis of the science and art of graphical user interfaces. Topics will include quantitative methodologies, user interaction, design imperative. Requires extensive Visual Basic programming. Prerequisite: CSC 385.
Fall 2004	Provides an analysis of the science and art of graphical user interfaces. Topics will include quantitative methodologies, user interaction, design imperative. Requires extensive Visual Basic programming.

CSC 478 Software Engineering Capstone

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Online CSC Majors
Fall 2005	20	()	20		Departmental Approval Required, contact csc@uis.edu . Changed to Online.

Catalog	Course Description
Fall 2004	Study of the software life cycle with emphasis on design, documentation, and implementation. Team projects and technical communication skills are emphasized. Students should take this course within their last 12 hours of CSC course work. Course Information: Prerequisite: CSC 385.

CSC 479 Intro/Artificial Intelligence

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval

Catalog	Course Description
Fall 2004	Problem solving methods, data representation and list processing, state-space search strategies, game playing programs, knowledge representation, logic and theorem proving, question answering systems, and natural language processing. Course Information: Prerequisite: CSC 375.

CSC 485 Object-Oriented Design

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	20	()	20		Departmental Approval Required, contact csc@uis.edu
Spring 2005	18	()	20		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	20	()	20		
Fall 2004	20	()	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Study of object-oriented design and programming to solve problems. Topics include classes, inheritance, polymorphism, design notations, development environments, and a survey of languages. Java is used as the implementation language. Course Information: Prerequisite: CSC 375.

CSC 511 Concepts/Networks For Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2005	2	()	99		Departmental Approval Required, contact csc@uis.edu
Summer 2005	1	()	99		Requires Departmental Approval, contact csc@uis.edu
Spring 2005		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2004		()	99		Instructor Permission Required

Catalog	Course Description
Fall 2004	The purpose of this course is to provide teachers with a working knowledge of how to install and teach the first semester of the Cisco Networking Academy On-line Curriculum. The first semester curriculum focuses on fundamental concepts of networks. Emphasis is placed on the OSI model, IP addressing, addresses resolution protocols, networking media, topologies, cabling and network management.

CSC 512 Concepts/Routing For Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2005	2	()	99		Departmental Approval Required, contact csc@uis.edu
Summer 2005	1	()	99		Requires Departmental Approval, contact csc@uis.edu
Spring 2005		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2004		()	99		Instructor Permission Required

Catalog	Course Description
Fall 2004	The purpose of this course is to provide teachers with a working knowledge of how to install and teach the second semester of the Cisco Networking Academy On-line Curriculum. The second semester curriculum focuses on fundamental concepts of network routers. Emphasis is placed on the OSI model, WAN's, routing and using a router, router components, router configuration, IOS, TCP/IP, IP addressing and routing protocols.

CSC 513 Adv Conc/Network/Routing:Teach

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2005		()	99		Requires Departmental Approval, contact csc@uis.edu
Summer 2005		()	99		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	1	()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2004		()	99		Instructor Permission Required

Catalog	Course Description
Fall 2004	The purpose of this course is to provide teachers with a working knowledge of how to install and teach semesters three and four of the Cisco Networking Academy On-line Curriculum. The curriculum for semesters three and four focuses on advanced concepts of networks and routers. Emphasis is placed on router configuration, configuring routers for IPX, managing network traffic with access lists, Wide Area Networking, WAN protocols, X25, frame relay, point-to-point and ISDN.

CSC 514 IT Essentials I For Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	10		Requires Departmental Approval

Catalog	Course Description
Fall 2004	The purpose of this course is to provide teachers with a working knowledge of how to install and teach the first course in a two course sequence on IT Essentials as part of the Cisco Academy On-line Curriculum. The first course of the curriculum focuses on fundamental concepts of computer hardware and software. Emphasis is placed on developing a working knowledge of the hardware components of a computer and their functionality. In the class the teachers taking the class will learn how to teach the topics listed in the attached course outline to their students. Some laboratory activities include trouble shooting, computer hardware and software and peripherals including various types of disk drives, video cards, and printers.

CSC 521 IT Security & Data Assurance I

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	3	()	15		
Summer 2005	4	()	25		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	2	()	20		
Fall 2004	8	()	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Provides a comprehensive view of policy and practices used to identify the resources at risk to malicious attacks or natural disasters and the results. Surveys viruses and effective anti-virus prevention policies. Will include use and demonstration of several instruments used to ases vulnerability including penetration analysis, scanners, and probes. Will also use case studies to identify when an institution should look to outside consultants for assessment and vulnerability testing. Course Information: Restricted to Online Graduate Certificate In Information Assurance.

CSC 522 IT Security &Data Assurance II

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	3	()	15		Restricted to Online Graduate Certificate in Information Assurance.
Summer 2005	3	()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	Provides a comprehensive examination of a multi-vendor approach to access control and management of an enterprise network. Examines directory services, file security, single logon solutions and database security. Examines a holistic approach to data protection and privacy. Introduces the deployment of access management protocols including TACACS+, Radius, and Kerberos. Other topics examined include auditing, and device monitoring using SNMP and RMON. Course Information: Restricted to Online Graduate Certificate In Information Assurance.

CSC 523 Computer Forensics- Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	3	()	15		Restricted to Online Graduate Certificate in Information Assurance. Requires Departmental Approval
Summer 2005	4	()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	Deals with the preservation, identification, extraction, documentation and interpretation of computer data. Topics covered include evidence handling, chain of custody, collection, preservation, identification and recovery of computer data. Course Information: Restricted to Online Graduate Certificate In Information Assurance.

CSC 524 Info Assurance/Design&Analysis

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	1	()	15		Restricted to Online Graduate Certificate in Information Assurance. Requires Departmental Approval
Summer 2005		()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	The capstone design course for the Graduate Certificate in Information Assurance. Emphasizes a group approach to information assurance system design and data collection. Cohort groups will be required to develop a comprehensive plan for protecting systems against intrusion and for collecting evidence from systems that have been intruded upon. The plan will include operational policies and procedures. Students are also required to implement the plan using tools including TACACS+, Radius, Kerberos, encryption software, and software tools used in evidence collection. Course Information: Restricted to Online Graduate Certificate on Information Assurance.

CSC 525 Info Assurance Grad Portfolio

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005		()	15		Restricted to Online Graduate Certificate in Information Assurance. Requires Departmental Approval
Summer 2005		()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	Participants in the Graduate Certificate in Information Assurance must complete a comprehensive portfolio. The portfolio will document their experiences with the certificate program and how they plan to incorporate the topics covered in the certificate program into the courses they teach. The portfolio will document how program participants have mastered the material covered in each course. Guidelines for completing the requirement are available at csc.uis.edu/ and should be consulted by the certificate program participants. Course Information: Restricted to Online Graduate Information Assurance.

CSC 526 Security Awareness- Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005		()	15		
Summer 2005		()	25		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	1	()	20		
Fall 2004	8	()	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	This short course is designed to provide an overview of the consequences of information assurance and privacy for the user of information systems. The course provides a practical consideration of all aspects of network security. Course topics include legal aspects of information privacy, security awareness, and roles and responsibilities of end users. Examines several case studies that will illustrate the types of problems that can occur if good systems security measures are not followed. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 527 Network Security I- Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	3	()	15		
Summer 2005	2	()	25		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	2	()	25		
Fall 2004	7	()	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Introduction to Network Security course focusing on the overall security processes with particular emphasis on security policy design & management. This course will also provide a survey of security technologies, products & solutions. Includes hands-on exercises focusing on firewall design, installation, configuration, & maintenance AAA implementation using routers and firewalls. Virtual Private Networks will also be introduced using routers and firewalls. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 528 Network Security II- Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	1	()	15		Restricted to Online Graduate Certificate in Systems Security. Requires Departmental Approval
Summer 2005	2	()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	This course provides an introduction to the knowledge and skills needed to describe, configure, verify and manage IPsec features in VPN solutions. Also provides a multi-vendor solution to VPN design. Examination of both VPN client and server products will prepare students to deploy VPN technologies in both site-to-site and client-to-site configurations. Surveys many of the encryption technologies including : PKI, IPSEC and #DES. Digital certificates and certificate authorities are introduced in this course. The course will also emphasize intrusion detection systems, a systematic approach to perimeter security. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 529 Emerging Tech-Wireless Netwks

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005		()	15		
Summer 2005	3	()	25		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	1	()	25		
Fall 2004	8	()	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Provides an introduction to wireless local area networks. Instruction will focus on the design, planning, implementation, operation and troubleshooting of wireless networks. It covers a comprehensive overview of technologies, security, and design best practices with particular hands-on skills. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 530 Security Design for Teachers

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	1	()	15		Restricted to Online Graduate Certificate in Systems Security. Requires Departmental Approval
Summer 2005	1	()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	This capstone design course for the Graduate Certificate in Systems Security emphasizes a group approach to security systems design. Student cohort groups will be required to develop a comprehensive security plan based on British Standard 7799. The plans will include operational policies and procedures. Students are also required to design a secure enterprise network including multi-vendor solutions. They will use hardware and software tools to implement firewalls, email system protection, virtual private network management protocol, and remote monitoring. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 531 Security Graduate Portfolio

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005		()	15		Restricted to Online Graduate Certificate in Systems Security. Requires Departmental Approval
Summer 2005		()	25		Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	Participants in the Graduate Certificate in Systems Security program must complete a comprehensive portfolio. The portfolio will document their experiences with the certificate program and how they plan to incorporate the topics covered in the certificate program into the courses they teach. The portfolio will document how program participants have mastered the material covered in each course. Guidelines for completing the requirement are available at csc.uis.edu/ and should be consulted by the certificate program participants. Course Information: Restricted to Online Graduate Certificate in Systems Security.

CSC 550 Master's Project/Thesis

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	99		Requires Departmental Approval Contact csc@uis.edu

Catalog	Course Description
Fall 2004	An individual study to demonstrate the ability to formulate, investigate, and analyze a problem and to report results. Written report and oral presentation are required. Guidelines for completing this requirement are available from the CSC program and must be consulted before any work is begun. NOTE: If the project/thesis is not completed during the initial four-hour enrollment, students must register to audit CSC 551 for one hour in all subsequent semesters until the project/thesis is completed. Course Information: Credit/No Credit grading only. May be repeated to a maximum of 4 hours. Prerequisite: Approval of the project/thesis supervisor.

CSC 570 Adv Topics In Computer Science

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	24	Topic:Security in Computing	For description of topic, see the Addendum to the Spring 2005 schedule at www.uis.edu/home_news/courseSchedule.html
Fall 2005	1	()	15	Topic:Inventor Levels I&II	Prerequisite: Completion of Inventor Levels I & II at Moraine Valley Community College.
Fall 2005		()	15	Topic:Inst+Secure Conf-Linux	
Fall 2005		()	15	Topic: 3ds max Levels I&II	Prerequisite: Completion of 3ds max Levels I & II at Moraine Valley Community College.
Fall 2005		()	15	Architectural Desktop I&II	Prerequisite: Completion of Architectural Desktop Levels I & II at Moraine Valley Community College.
Fall 2005		()	15	Topic:Autodesk VIZ, I&II	Prerequisite: Completion of Autodesk VIZ Levels I & II at Moraine Valley Community College.
Fall 2005		()	15	Topic:Adobe Creat Suite-C Teac	
Fall 2005		()	15	Topic:Dreamweaver Database	
Fall 2005		()	15	Topic:Network+/Coll Teach	
Fall 2005		()	15	Topic:Wireless Tech/Coll Teach	
Fall 2005		()	15	Topic:Computer Forensics	
Summer 2005	1	()	10	Macromedia Flash for Teach	Requires Departmental Approval, contact csc@uis.edu
Summer 2005	1	()	10	Network Security+ for Teachers	Requires Departmental Approval, contact csc@uis.edu
Summer 2005	1	()	10	Wireless Networking for Teach	Requires Departmental Approval, contact csc@uis.edu
Summer 2005	1	()	15	Topic: Inventor Levels I & II	Requires Departmental Approval, contact csc@uis.edu . For topic description see www.uis.edu/home_news/schedules/addendum4-summer05.pdf Requires Instructor Approval
Summer 2005	1	()	15	Topic: 3 ds Max Levels I & II	Requires Departmental Approval, contact csc@uis.edu . For topic description see www.uis.edu/home_news/schedules/addendum4-summer05.pdf Requires Instructor Approval
Summer 2005	3	()	10	Digital Video Manip for Teach	Requires Departmental Approval, contact csc@uis.edu
Summer 2005	7	()	10	Cert Ethical Hacking for Teach	Requires Departmental Approval, contact csc@uis.edu
Summer 2005	9	()	10	Web/Database Int for Teach	Requires Departmental Approval, contact csc@uis.edu
Summer 2005		()	15	Architectural Desktop I & II	Requires Departmental Approval, contact csc@uis.edu . For topic description see www.uis.edu/home_news/schedules/addendum4-summer05.pdf Requires Instructor Approval
Summer 2005		()	15	Autodesk VIZ Levels I & II	Requires Departmental Approval, contact csc@uis.edu . For topic description see www.uis.edu/home_news/schedules/addendum4-summer05.pdf Requires Instructor Approval
Spring 2005	9	()	10	Topic: Distributed Systems	Changed to Online.
Fall 2004	1	()	25	Architectural Desktop I&II	Instructor Permission Required
Fall 2004	1	()	25	Topic:Autodesk VIZ, I&II	Instructor Permission Required
Fall 2004		()	25	Topic:Inventor Levels I&II	Instructor Permission Required
Fall 2004		()	25	Topic: 3ds max Levels I&II	Instructor Permission Required

Catalog	Course Description
Fall 2004	Topics vary. See course schedule for prerequisites. Course Information: May be repeated if topics vary. Students may register in more than one section per term.

CSC 574 Distributed Computing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Distributed Computing	
Fall 2005	2	()	20	Distributed Computing	
Fall 2005	20	()	20	Distributed Computing	Requires Departmental Approval, contact csc@uis.edu

Catalog	Course Description
Fall 2004	This course covers advanced topics in computer operating systems with a special emphasis on distributed systems. Topics include middleware, naming and directory services, security, remote method invocation, concurrency, transactions, replication, and message passing. Course Information: Prerequisite: CSC 389.

CSC 582 Design/Eval Of User Interfaces

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Departmental Approval, contact csc@uis.edu
Fall 2005	25	()	20		Requires Departmental Approval, contact csc@uis.edu
Spring 2005	25	()	25		Requires Departmental Approval, contact csc@uis.edu
Fall 2004	24	()	25		Instructor Permission Required

Catalog	Course Description
Fall 2004	Structured approach for designing graphical user interfaces that are easy to use. Empirical evaluation techniques are used to verify that the software is easy to use. Course Information: Prerequisite: CSC 385.

ECO 408 History Of Economic Thought

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		

Catalog	Course Description
Fall 2004	Historical study of the body of knowledge and doctrine designated as "economics." Particular attention to historical and social circumstances from which various concepts evolved and "theory" creation as an art. Course Information: Prerequisite: Introduction to microeconomics and introduction to macroeconomics, or equivalent, or ECO 315.

ENG 102 Composition 2: Inq & Argument

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	9	(1)	20		
Spring 2005	13	(1)	20		Requires Instructor Approval

Catalog	Course Description
Fall 2005	Emphasizes tasks that will provide students with strategies and skills that will allow them to begin demonstrating proficiency in their critical thinking, research, and academic writings. This proficiency will become part of the foundation of a quality UIS education. Course Information: This course fulfills a general education requirement at UIS in the area of Written Communication.

ENG 359 Greek Mythology

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	10	(10)	10		
Spring 2005	11	()	10		

Catalog	Course Description
Fall 2005	Classical authors such as Homer, Hesiod, Pindar, Aeschylus, Sophocles, and Euripides. Particular emphasis on their influence on later writers.
Fall 2004	Classical authors such as Homer, Hesiod, Pindar, Aeschylus, Sophocles, and Euripides. Particular emphasis on their influence on later writers. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 379 Writing:Social, Behavioral Sci

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	4	(4)	10		
Summer 2005	7	(1)	10		

Catalog	Course Description
Fall 2005	Acquaints students with the writing and research practices of the social and behavioral disciplines. Provides instructions on developing a topic, building a problem or issue, identifying and collecting resources, working with and summarizing sources, in writing an introduction, literature review, and conclusion, and in using APA or MLA format.
Summer 2005	

ENG 400 The Shakespeare Project

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Online English majors.

Catalog	Course Description
Fall 2005	Examination of six plays and related sonnets, with close attention to Shakespeare's language, facets of performance, and his insights into human nature. Play selection varies from semester to semester. Course Information: May be repeated if topics vary.
Fall 2004	Examination of six plays and related sonnets, with close attention to Shakespeare's language, facets of performance, and his insights into human nature. Play selection varies from semester to semester. Course Information: May be repeated if topics vary. This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 410 Maj Fig British Lit:1700-1900

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	10	(2)	20	Topic: Thomas Hardy	
Spring 2005	19	(1)	20	Topic:Wordsworth & Hardy	

Catalog	Course Description
Fall 2005	Intensive study of the work of one or two of the following authors: Swift, Johnson, Blake, Wordsworth, Coleridge, Byron, Shelley, C. Bronte, Dickens, Eliot, Trollope. Course Information: May be repeated if topics vary.
Fall 2004	Intensive study of the work of one or two of the following authors: Swift, Johnson, Blake, Wordsworth, Coleridge, Byron, Shelley, C. Bronte, Dickens, Eliot, Trollope. Course Information: May be repeated if topics vary. This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 415 British Novel/Dickens To Hardy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	19	(1)	20		

Catalog	Course Description
Fall 2005	Study of the relationship between the novel and society in 19th century Britain through scrutiny of selected works by such major Victorian novelists as Dickens, Eliot, Mrs. Gaskell, the Bronte sisters, and Hardy. Emphasis on the realist novel; further emphasis on class through study of the industrial novel and on gender through study of the connections between 19th century British women writers and the novel form.
Fall 2004	Study of the relationship between the novel and society in 19th century Britain through scrutiny of selected works by such major Victorian novelists as Dickens, Eliot, Mrs. Gaskell, the Bronte sisters, and Hardy. Emphasis on the realist novel; further emphasis on class through study of the industrial novel and on gender through study of the connections between 19th century British women writers and the novel form. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 436 The American Novel, 1865-1915

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	19	(4)	20		Online English Majors Only

Catalog	Course Description
Fall 2005	Novels by such writers as Chopin, Dreiser, James, Twain, and Wharton.
Fall 2004	Novels by such writers as Chopin, Dreiser, James, Twain, and Wharton. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 442 Contemporary American Novel

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	20		
Fall 2005	21	(3)	20		

Catalog	Course Description
Fall 2005	Major post-war novelists, including Bellow, Ellison, Erdrich, Morrison, and Vonnegut.
Fall 2004	Major post-war novelists, including Bellow, Ellison, Erdrich, Morrison, and Vonnegut. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 446 Lit & Culture of Early America

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	15	(2)	20		Online English majors only. Students need to be available Thursday evenings for online discussions
Fall 2005		()	20		
Fall 2004	19	(5)	20		Online English Majors Only

Catalog	Course Description
Fall 2005	Examines early American literature in historical and cultural context covering poetry by Bradstreet and Bryant, fiction by Irving and Cooper, prose nonfiction by Edwards and Franklin, as well as cultural documents.
Fall 2004	Examines early American literature in historical and cultural context covering poetry by Bradstreet and Bryant, fiction by Irving and Cooper, prose nonfiction by Edwards and Franklin, as well as cultural documents. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 460 Themes in Literature

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	17	(1)	21	Themes: Latina/Latino Lit.	

Catalog	Course Description
Fall 2004	How literary works express such themes as the American dream, futurism, industrialism, minority experiences, women's roles, and nature writing. Course Information: May be repeated if topics vary. Students may register in more than one section per term.

ENG 462 Images of Women in Literature

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to Online English majors.

Catalog	Course Description
Fall 2005	Literary works created by women through the ages. Course Information: Same as WMS 462.
Fall 2004	Literary works created by women through the ages. Course Information: Same as WMS 462. This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 466 Multicultural Am Women's Lit

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	12	(2)	10		*Same as WMS 466

Catalog	Course Description
Fall 2005	Explores the writings of women from such American cultures as Asian, American Indian, Latina, and African. Course Information: Same as WMS 466.
Fall 2004	Explores the writings of women from such American cultures as Asian, American Indian, Latina, and African. Course Information: Same as WMS 466. This course fulfills a general education requirement at UIS in the area of Humanities.

ENG 470 Creative Writing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Creative Writing: Fiction I	Restricted to Online English majors.
Fall 2005	19	(2)	18	Creative Writing: Fiction IV	
Summer 2005	18	(2)	18	Creat. Writ.: Screenwriting	
Spring 2005	16	(1)	18	Creatv Writing: Fiction II	
Spring 2005	18	(1)	20	Creative Writing: Poetry	

Catalog	Course Description
Fall 2004	Instruction in writing original poetry, novels, plays, and short stories. Course Information: May be repeated if topics vary. Students may register in more than one section per term.

ENG 471 Creative Writing: Nonfiction

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	17	(1)	18	Creatv Wri: Nonfict/Memoirs	

Catalog	Course Description
Fall 2005	Creative writing grounded in the empirical world: interviews, memoirs, and other primary sources. Focus on locating a structural pattern in previously uncontextualized material and writing that information with a clear and consistent voice.
Fall 2004	Creative writing grounded in the empirical world: interviews, memoirs, and other primary sources. Focus on locating a structural pattern in previously uncontextualized material and writing that information with a clear and consistent voice. Course Information: This course fulfills a general education requirement at UIS in the area of Written Communication.

ENG 474 Professional&Technical Writing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	8	(1)	10		Online English majors only.
Fall 2005	11	(10)	10		LIS majors only.
Fall 2004	10	(2)	10		English Online Majors Only
Fall 2004	10	(9)	10		LIS majors only.

Catalog	Course Description
Fall 2004	Principles of composition and rhetoric applied to the basic genres of scientific, technical, and business writing including the report, proposal, manual, and correspondence.

ENG 478 Composition/Rhetoric:Am Univ

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	10	()	20		
Summer 2005	12	()	20		

Catalog	Course Description
Fall 2004	Examines the history of teaching college writing in American Universities from Classical and belletristic methods of the eighteenth and nineteenth centuries to current theories and practices influenced by postmodernism and cultural criticism.

ENG 480 Literary Genres

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Genre: Science Fiction	Restricted to Online English majors.
Fall 2005	4	(2)	10	Black Poetry: Cultural Context	* Same as AAS 460 A.
Spring 2005	26	(1)	25	Genre:American Short Story	
Fall 2004	19	(4)	20	Genre: British Gothic Novel	Online English Majors Only

Catalog	Course Description
Fall 2005	Scrutiny of such genres as science fiction, mystery, the Gothic novel, literary biography, film, drama, lyric poetry, and the long poem. Course Information: May be repeated if topics vary. Students may register in more than one section per term.
Fall 2004	Scrutiny of such genres as science fiction, mystery, the Gothic novel, literary biography, film, drama, lyric poetry, and the long poem. Course Information: May be repeated if topics vary. Students may register in more than one section per term. This course fulfills a general education requirement at UIS in the area of Humanities.

ENS 403 Trans: Prob & Planning Proc

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Spring 2005	20	(7)	20		

Catalog	Course Description
Fall 2004	Primary attention is given to the American metropolitan transportation problem. Basic transportation planning methodologies are presented and transportation energy efficiency is evaluated. Case studies on transportation problems are presented

ENS 461 Geopolitics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	1	(1)	0		*Same as PAC 407

Catalog	Course Description
Fall 2005	Examines strategic geopolitical issues; problems relating to food, natural resources, population change, and technological development will be evaluated regarding international development. Addresses global issues from a geographic perspective. Course Information: Same as PAC 407.

ENS 463 Our Changing Climate

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	19		
Fall 2005	19	(5)	20		

Catalog	Course Description
Fall 2004	Examines processes that cause the earth's climates to change. Focuses on the role of humans as active and passive agents of climatic change. Future potential ecosystem and landscape changes are discussed. Course Information: This course fulfills a general education requirement at UIS in the area of Physical Science without a lab.

ENS 485 Environ Policies:Water Quality

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	14	(4)	20		Changed to Online

Catalog	Course Description
Fall 2004	Clean Water Act of 1987 and amendments and their effect on water quality. Analysis of administrative procedures, standards, and regulations.

HDC 446 Family Law

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	3	()	20		*Same as LES 446, SOA 454, SWK 446, WMS 446.

Catalog	Course Description
Fall 2004	Law that affects the family. Topics include divorce, domestic violence, illegitimacy, adoption, child support and custody, parental control, abuse and neglect laws, issues affecting the elderly, domestic law reform, and the impact of the women's rights movement. Course available online; may also be available on campus. Refer to the current course schedule for further information. Course Information: Same as LES 446, SOA 454, SWK 446, and WMS 446.

HDC 462 Using Labor Mark & Career Info

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	7	(5)	30		Requires Instructor Approval
Fall 2004	7	(2)	30		Instructor Permission Required

Catalog	Course Description
Fall 2004	Explanation of quantitative aspects of LMI and exploration of career information from newspapers, magazines, television, radio, movies, and direct observation. The Internet provides instant access to government documents plus millions of career-related websites. Students will be able to use career and labor market information to help the people they counsel make more informed choices. Students will also learn about career development theory, demographic changes, and techniques for working with various populations.

HDC 524 Career/Lifestyle Counseling

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	17	()	30		Changed to Online. Requires Instructor Approval

Catalog	Course Description
Fall 2004	Relates data from personality-based and developmental models of career choice to achieving a satisfying career/lifestyle. Includes information about occupational, technological, and educational resources, needs of special populations, goals of guidance and counseling, and techniques of career/lifestyle decision making. Course Information: Prerequisite: HDC 501.

HDC 564 Interpersonal Commun Skills

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	14	(4)	30		Requires Instructor Approval
Fall 2004	12	(3)	30		Instructor Permission Required

Catalog	Course Description
Fall 2004	Includes learning and practicing specific communication techniques in areas such as nonverbal communication, persuasion, interviewing, written communication, and conflict management, as well as addressing the communication skills necessary to work with special needs populations. Designed to help students understand the impact of the Internet as a communication tool.

HIS 443 American Foreign Rel/20th Cent

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	20	(2)	20		

Catalog	Course Description
Fall 2004	Examines the emergence of the U.S. as a world power and the ways in which it used that power. Focus on the relationships between foreign policies and domestic politics. Topics include the Open Door policy, U.S./Latin American relations, the World Wars, the Cold War, the Vietnam War, and peace movements.

HIS 460 Studies/Latin American History

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Latin Amer. Since Independence	Restricted to Online History Majors.
Fall 2005	23	(3)	20	Topic: Roots of Latin America	
Spring 2005	16	(3)	20	Cuban Revolut'n:Myth & Reality	

Catalog	Course Description
Fall 2004	Studies include roots of Latin American history, Latin American history since independence, revolution in modern Latin America, and the history of Brazil. Course Information: May be repeated up to 2 time(s) if topics vary.

HIS 463 Europe In The 20th Century

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	18	()	20		

Catalog	Course Description
Fall 2004	Study of the political, socioeconomic, cultural, and colonial history of Europe from the turn of the century to the present. Special emphasis on the importance of ideology in shaping society, the transforming effects of war and depression, and Europe's changing role in the international order.

HIS 468 History Of Spain

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	17	(5)	20		Online History Majors Only

Catalog	Course Description
Fall 2004	A general survey of the history of Spain from the times of the Iberians and Romans to the present, focusing on the rise and fall of the Spanish empire and monarchy and the emergence of a new democratic nation.

HIS 472 Imperial Russia

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	22	()	20		

Catalog	Course Description
Fall 2004	Examines significant aspects of Russian political, cultural, and intellectual life from 1689 to the revolutions of 1917 in the broader European context. Topics will include: the expansion and dissolution of the empire from Tsar Peter I to World War I; Russian Orthodoxy and society; the emergence of the intelligentsia and the revolutionary tradition; and major intellectual/cultural movements from the Enlightenment to the Silver Age. Course readings will consist of selections from primary and secondary sources, including literary works from the period.

HIS 476 Modern China

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	20	()	20		Requires Instructor Approval

Catalog	Course Description
Fall 2004	Examination of the main trends, events, and problems in 19th and 20th century China. Topics of study include the intrusion of the West, rebellions and revolutions, gender issues, popular culture, and environmental problems.

HIS 477 Premodern Japan

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Online History Majors.

Catalog	Course Description
Fall 2004	Examination of the social, cultural, and political developments of premodern Japan. Topics of study include literature and the arts in the Nara and Heian periods; the age of the Samurai; religions, including Shinto and Zen Buddhism; and popular culture.

HIS 480 Topics in Pre-Modern World His

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20	Rome & Its Provinces	This course will analyze primary and secondary sources in order to explore issues involved in Rome's expansion into areas of older cultures and newer cultures, beginning with expansion in Italy itself and continuing through expansion westward, eastward, and northward. We will focus on issues of resistance and accomodation, Romanization, state organization, and frontiers. Special attention will be paid to the situations in Judea, Britian, Germania and Gaul, and the conflicts with the eastern frontier.
Fall 2004	20	(6)	20	Imperialism:Anc Mediteranean	Online History Majors only.

Catalog	Course Description
Fall 2004	Analyses a range of primary and secondary sources in order to explore debates about the origins, course, and dissolution of imperial states, focusing on four ancient case studies: the Assyrians, the Persians, the Greek world, and the Romans. Examines the role played by ideological, economic, military, and political (IEMP) forms of social power in the empires at various points in their history. At the same time, attention will be paid to the varied responses to imperialism, from rebellion to peaceful acceptance, as well as the cultural and social changes that accompanied the spread of these empires. Finally, discuss the significance of ancient empires for the present, asking how and why ancient ideas about power, property, and freedom continue to influence our modern world.

HMS 511 Social Policy & Human Services

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	25	()	30		

Catalog	Course Description
Fall 2004	An in-depth understanding of human services systems, including the historical and current view of systems, concepts of human causes and needs, idealized components of delivery systems, roles and conflicts of the human services professional, and overview of required practice skills.

HMS 514 Staff Development&Supervision

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		

Catalog	Course Description
Fall 2004	Background in personnel issues, staff development models, and principles of direct supervision.

HMS 584 Intro to Nonprofit Management

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	23	(1)	30		

Catalog	Course Description
Fall 2004	Introduction to managing nonprofit organizations, including the history of nonprofit organizations, their role in society, and the role of volunteers and philanthropy.

LES 446 Family Law

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	4	()	20		*Same as HDC 446, SOA 454, SWK 446, WMS 446.

Catalog	Course Description
Fall 2004	Law that affects the family. Topics include divorce, domestic violence, illegitimacy, adoption, child support and custody, parental control, abuse and neglect laws, issues affecting the elderly, domestic law reform, and the impact of the women's rights movement. Course available online; may also be available on campus. Refer to the current course schedule for further information. Course Information: Same as HDC 446, SOA 454, SWK 446, and WMS 446.

LES 575 Effective Pub Affairs Writing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	20		Same as PAD 575, POS 575

Catalog	Course Description
Fall 2005	Writing-intensive course examining a range of writing styles, structures and components used by public affairs practitioners and graduate students. Includes such topics as thesis statement literature review, fact sheet, policy memo and press release. Couse Information: Same as PAD 575 and POS 575.

LIS 301 Self-Directed Learning

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	15		Requires Instructor Approval
Spring 2006		()	20		Requires Instructor Approval
Spring 2006		()	20		Requires Instructor Approval
Spring 2006		()	20		Requires Instructor Approval
Fall 2005	11	(11)	17		Requires Instructor Approval
Fall 2005	12	(12)	17		Requires Instructor Approval
Fall 2005	13	(13)	17		Requires Instructor Approval
Fall 2005	15	(15)	17		Requires Instructor Approval
Summer 2005	11	(11)	15		Requires Instructor Approval
Spring 2005	10	(10)	20		Requires Instructor Approval
Spring 2005	12	(12)	20		Requires Instructor Approval
Spring 2005	13	(13)	15		Requires Instructor Approval
Spring 2005	14	(14)	20		Requires Instructor Approval
Fall 2004	13	(13)	15		Instructor Permission Required
Fall 2004	14	(14)	15		
Fall 2004	15	(15)	15		Instructor Permission Required
Fall 2004	15	(14)	15		Instructor Permission Required

Catalog	Course Description
Fall 2005	Introduction to the liberal studies program. Focuses on the skills, knowledge, and attitudes necessary to become a self-directed, autonomous learner. Topics include an examination of collegiate education philosophy, theory, and practice; dynamics of power; self-assessment; goal-setting; designing effective learning experiences; documenting and evaluating independent learning; organizing learning resources; and designing a liberal studies curriculum. To be taken as the first course after declaring the LIS major. NOTE: LIS 301 must be completed and the degree plan accepted by the LIS program before enrolling in additional course work towards the major. Course Information: Credit/No Credit grading only.
Fall 2004	Introduction to the liberal studies program. Focuses on the skills, knowledge, and attitudes necessary to become a self-directed, autonomous learner. Topics include an examination of collegiate education philosophy, theory, and practice; dynamics of power; self-assessment; goal-setting; designing effective learning experiences; documenting and evaluating independent learning; organizing learning resources; and designing a liberal studies curriculum. To be taken as the first course after declaring the LIS major. NOTE: LIS 301 must be completed before enrolling in additional course work towards the major. Course Information: Credit/No Credit grading only.

LIS 342 Conducting Liberal Stud Rsrch

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	15		Requires Instructor Approval
Fall 2005	11	(10)	15		Requires Instructor Approval
Spring 2005	14	(13)	15		Requires Instructor Approval
Fall 2004	3	(4)	15		Instructor Permission Required
Fall 2004	7	(7)	15		Instructor Permission Required
Fall 2004	8	(8)	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Introduction to undergraduate research from a liberal studies perspective. Students choose a topic for study and define it to effectively explore their research. The production of a major product during the course is facilitated through the use of a learning journal and the creation of an extensive resources inventory. Course Information: Credit/No Credit grading only. Prerequisite: LIS 301.

LIS 360 Special Topics Liberal Studies

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	15	(14)	20	Topic:Themes/Western Culture	For description of topic, see the Addendum to the Spring 2005 schedule at www.uis.edu/home_news/courseSchedule.html Requires Instructor Approval

Catalog	Course Description
Fall 2005	Course Information: Credit/No Credit grading only. Prerequisite: LIS 301.

LIS 451 Senior Seminar

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	15		Requires Instructor Approval
Spring 2006		()	15		Requires Instructor Approval
Fall 2005	11	(10)	15		Requires Instructor Approval
Fall 2005	13	(10)	15		Requires Instructor Approval
Summer 2005	8	(7)	15		Requires Instructor Approval
Spring 2005	14	(12)	15		Requires Instructor Approval
Spring 2005	17	(13)	15		Requires Instructor Approval
Fall 2004	5	(3)	15		Instructor Permission Required
Fall 2004	10	(11)	15		Instructor Permission Required

Catalog	Course Description
Fall 2004	Includes a symposium on applying principles of integration and autonomy explored in LIS 301 to the learning experiences of the degree program. Students prepare a paper integrating their learning experiences. Students who choose to do an honors thesis may prepare a proposal for LIS 471. Should be taken as the final course prior to graduation. Course Information: Credit/No Credit grading only. Prerequisite: LIS 301.

LIS 471 Honors Thesis

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	99		
Summer 2005		()	15		Requires Instructor Approval

Catalog	Course Description
Fall 2005	Design, development, and completion of a thesis, which must be completed during the term in which the student expects to graduate. To be taken as described in individual degree plans.
Fall 2004	Design, development, and completion of a thesis, which must be completed during the term in which the student expects to graduate. To be taken as described in individual degree plans. Course Information: Must be taken concurrent with LIS 451.

LSC 404 Nature,History & Human Action

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	11	(11)	10		
Fall 2005	12	()	11		
Fall 2004	11	(10)	10		LIS majors only.
Fall 2004	12	(4)	10		

Catalog	Course Description
Fall 2004	Interdisciplinary investigation of relationships between human communities and natural environments from prehistory to the present. Emphasis on building a sense of place through study of landscape history in the places where we live. Readings of worldwide archaeological and ethnographic case studies survey ways in which human action has shaped the natural world and emphasize cultural diversity in human attitudes toward nature and environmental problem solving.

LSC 406 Caribbean Cultures In The US

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	19	(2)	20		

Catalog	Course Description
Fall 2004	A survey course that explores the impact of Caribbean people on the historical and cultural development of the United States. The subject matter will explore the growth and limitation of cultural pluralism for Caribbean societies in mainland America.

LSC 413 Global Women's Health

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	18	(5)	20		

Catalog	Course Description
Fall 2004	Women's health in the U.S. and other countries will be discussed and compared. Factors that affect women's health care will be discussed, including history, race, religion, education, socio-economic and cultural.

LSC 414 Water: An American Perspective

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		
Spring 2006		()	10		Restricted to LIS majors.
Fall 2005	20	(14)	20		Restricted to Online majors. Contact Andy Egizi for permission
Summer 2005	17	(9)	20		Restricted to Online majors, contact Andy Egizi for permission.
Spring 2005	10	(10)	10		
Spring 2005	12	()	10		
Spring 2005	20	(11)	20		
Fall 2004	19	(10)	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Concentrates on the role of water in North American civilizations, past and present. It focuses on the science, economics, politics, management and overall impact that water has had on societal evolution.

LSC 422 History & Culture/ Caribbean

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		

Catalog	Course Description
Fall 2004	Examines the historical and cultural development of the Caribbean prior to European colonialism through the 20th century. Reviews the impact of colonial government, industry, education and culture on Native Americans and Africans. Participants of the course will explore how Europeans, Native Americans and Blacks created unique Caribbean societies that permanently changed the cultural base of the West Indies.

LSC 423 Emiquon: Illinois Floodplain

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	20	(6)	20		

Catalog	Course Description
Fall 2005	In this course we explore the scientific significance and cultural history of Emiquon, 7000 acres adjacent to the Illinois River. This area is being restored to wetlands from agriculture, a conversation with important scientific, economic, and cultural ramifications. Course Information: Lectures will be given near Emiquon, and webcast to UIS.

LSC 424 Global Environmental Crisis

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	18	(8)	20		

Catalog	Course Description
Fall 2004	Analyzes the causes and consequences of global environmental problems such as pollution, destruction of natural resources, extinction of species, climate change, global warming, etc. to encourage critical thinking and classroom discussion. Students will research a local environmental problem and suggest possible solutions.

LSC 431 The Beatles:Pop Music & Soc

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	15		
Fall 2005	23	(2)	22		

Catalog	Course Description
Fall 2005	The Beatles' influence on contemporary culture is unquestionable. This course will look at the rapid rise of the Beatles and their impact, then and now, on popular music and culture.

MAT 121 Applied Statistics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to LIS majors only.
Spring 2006		()	10		
Fall 2005	8	()	10		
Fall 2005	8	(8)	10		LIS majors only.
Summer 2005	5	(3)	10		Restricted to LIS majors.
Summer 2005	19	(1)	10		
Spring 2005	10	(8)	10		
Spring 2005	11	()	10		
Fall 2004	8	(7)	10		LIS majors only.
Fall 2004	17	(4)	10		

Catalog	Course Description
Fall 2004	May be used to meet the mathematics general education requirement for admission to UIS. Topics may include descriptive statistics, elementary probability, basic probability distributions, sampling, estimation, testing of hypotheses, simple linear regression, and correlation. Course Information: Prerequisite: Intermediate algebra and geometry with grades of C or better. This course fulfills a general education requirement in the area of Mathematics.

MAT 302 Discrete Mathematics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Spring 2005	25	()	20		

Catalog	Course Description
Fall 2004	Topics include sets, functions, relations; propositional and predicate logic, including truth tables and valid reasoning; Boolean algebra, minimization with Karnaugh maps, and Quine McClusky method; integer, rational, real, modular arithmetic, different bases, and complementary number systems; mathematical induction; recurrence relations; graph theory; and automata theory. Course Information: Prerequisite: College algebra with a grade of C or better. This course fulfills a general education requirement in the area of Mathematics.

MAT 330 Writing Skills

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	31	()	99		

Catalog	Course Description
Fall 2004	Evaluation of writing skills for mathematical sciences students. These tests should be taken during the student's first semester of enrollment as a mathematical sciences major. Course Information: Credit/No Credit grading only.

MAT 332 Linear Algebra

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	10	()	10		
Fall 2005	14	()	15		
Fall 2004	18	(3)	20		

Catalog	Course Description
Fall 2004	A theoretical course involving systems of linear equations, matrices, vectors in n-space, vector spaces, linear transformations, eigenvalues and eigenvectors, diagonalization, quadratic forms, and canonical forms. Course Information: Prerequisite or corequisite: MAT 116, or equivalent.

MAT 401 History Of Mathematics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	19	()	20		

Catalog	Course Description
Fall 2004	Introduction to the development of major mathematical concepts. History of computation, probability, algebra, geometry, trigonometry, and calculus. Evolution and changes in the rigor of mathematics from 1500 B.C. Biographies of male and female mathematicians are included. Course Information: Prerequisite: MAT 115, or equivalent.

MAT 403 Abstract Algebra

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to Online MAT majors only.
Spring 2006		()	10		

Catalog	Course Description
Fall 2004	Topics include group theory, rings, and fields. Course Information: Prerequisite: MAT 116, or equivalent.

MAT 415 Advanced Calculus

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to Online MAT majors.
Spring 2006		()	10		
Spring 2005	15	()	30		

Catalog	Course Description
Fall 2004	Elementary ordinary differential equations. Special functions defined by power series and by integrals, Fourier series. Course Information: Prerequisites: MAT 217, or equivalent, and MAT 332.

MAT 421 Statistical Methods

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		Restricted to Online MAT majors.
Spring 2006		()	10		
Spring 2005	25	()	20		

Catalog	Course Description
Fall 2004	Introductory course for statistical analysis techniques. Topics may include review of basic statistics, multiple linear regression, analysis of enumerative data, analysis of variance, multiple comparisons, design of experiments, and analysis of covariance. Additional topics may be chosen from principal components, factor analysis, discriminant analysis, and nonparametric tests. Course Information: Prerequisite: Intermediate algebra, or permission of instructor.

MAT 431 Mathematical Statistics I

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	17	()	20		Course will start 9/12/05 and end 1/7/06.
Fall 2004	17	()	20		

Catalog	Course Description
Fall 2004	Introduction to theory and application of probability models. Topics include random variables, mathematical expectation, Chebyshev's inequality, marginal and conditional distribution, independence, probability distributions and their properties, transformation of variables, moment-generating functions, limiting distribution, and central limit theorem. Course Information: Prerequisite: MAT 116, or equivalent.

MAT 444 Operations Research Methods

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	8	()	10		*Same as PAD 431. Course will start 9/12/05 and end 1/7/06.
Fall 2005	14	()	10		*Same as MAT 444. Course will start 9/12/05 and end 1/7/06.
Fall 2004	13	()	25		Same as PAD 431.

Catalog	Course Description
Fall 2004	Quantitative methods necessary for analysis, modeling, and decision making. Topics include linear programming, transportation model, network models, decision theory, games theory, PERT-CPM, inventory models, and queueing theory. Additional topics may be chosen from integer linear programming, system simulation, and nonlinear programming. Course Information: Same as PAD 431. Prerequisite: MAT 332, or permission of instructor.

MIS 352 Principles Of MIS

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Spring 2006		()	25		
Fall 2005	1	()	20		
Summer 2005	23	()	25		
Spring 2005	23	()	25		

Catalog	Course Description
Fall 2004	(CBM core course) Introduces students to fundamental concepts in management information systems (MIS), the role of computers in MIS, and some details of how the computer functions. Topics include various types of information systems, use of information by management, and information systems applications. The students will also be exposed to the application of MIS technologies in the development of business solutions through end user computing and topics such as computer hardware and software, operating systems, and security. Course Information: Access to the Internet is required.

MIS 423 Decision Support Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		

Catalog	Course Description
Fall 2004	Provides non-majors an opportunity to develop personal computer skills that will help support organizational decision-making. Students analyze real world examples of decision support systems and design small systems to support their own decision-making activities associated with using a computerized business simulation. Computer lab time required. Course Information: Access to the Internet is required. Prerequisite: MIS 352.

MIS 424 End User Sys Devel/Implementn

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		
Fall 2005	16	()	25		
Summer 2005	23	()	25		

Catalog	Course Description
Fall 2005	Establishes a foundation for developing information systems in organizations. Fundamental concepts considered include system analysis and design, application and development of databases, troubleshooting problems, and the behavioral considerations for implementing information systems. Course Information: Access to the Internet is required. Prerequisite: MIS 352.
Fall 2004	Establishes a foundation for developing information systems in organizations. Fundamental concepts considered include system analysis and design, application and development of databases, troubleshooting problems, and the behavioral considerations for implementing information systems. Course Information: Access to the Internet is required. Prerequisite: MIS 423.

MIS 502 Tech Foundations/Info Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		
Fall 2005	25	()	25		
Spring 2005	23	(1)	25		
Fall 2004	26	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Introduces details of computer hardware and software technologies necessary for information systems professionals. Particular hardware architectures (CISC, RISC), operating systems fundamentals, and concepts of object orientation will be described. Programming skills in an object-oriented language will be developed. Course Information: Access to the Internet is required. Prerequisite: Proficiency or coursework in a high level programming language such as Java, C++, Visual Basic, COBOL, C Fortran, etc.; or MIS 322.

MIS 513 Management Information Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	7	()	25		Requires Instructor Approval
Fall 2005	25	(1)	25		
Summer 2005	25	()	25		
Spring 2005	29	()	25		
Fall 2004	24	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university.

Catalog	Course Description
Fall 2004	Provides a foundation for understanding and analyzing information in organizations. Fundamental concepts of systems and information are covered. Topics include computer-based information systems, user requirements, and analysis and specification of systems requirements, life cycle, and security. Open to non-majors. Course Information: Access to the Internet is required.

MIS 523 Managr'I Decision Support Sys

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	25	()	25		
Fall 2005	25	()	25		

Catalog	Course Description
Fall 2004	Covers a variety of related decision support systems topics. Gives participants a flexible definition of DSS technology and introduces some principles of DSS design and use. Equips students with fundamental concepts and techniques of expert systems. Special emphasis is placed on microcomputer-based decision support systems. Course Information: Access to the Internet is required. Prerequisites: MIS 513 or equivalent, and one semester of production operations management.

MIS 525 Information Technology Mngmnt

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	14	()	25		Requires Instructor Approval
Spring 2005	15	()	25	Information Systems Management	
Fall 2004	10	()	25	Information Systems Management	

Catalog	Course Description
Fall 2005	Familiarity with a broad range of managerial as well as technical issues, technologies, and terminologies such as information systems high-level architecture and life cycle, information flow within organization, managerial decision making tools, data quality control and assurance, ethical and legal aspects of IS, and successful implementation of IS projects. Course Information: Core Required course for MBA. Not accepted toward satisfaction of MIS program requirements. Replaces MIS 529.
Fall 2004	Familiarity with a broad range of managerial as well as technical issues, technologies, and terminologies such as information systems high-level architecture and life cycle, information flow within organization, managerial decision making tools, data quality control and assurance, ethical and legal aspects of IS, and successful implementation of IS projects. Not

MIS 531 Strategic Decision Support Sys

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	28	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Theoretical and practical aspects of collecting and interpreting strategic information and using the results in organizational decision-making. Includes computerized and noncomputerized sources of external data, selection and reprocessing of internal data, alternative means of storage and retrieval, and effective use of information in dynamic strategic decision processes. Open to non-majors. Course Information: Access to the Internet is required.

MIS 542 Management of Database Systems

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		Requires Instructor Approval
Spring 2005	24	()	24		

Catalog	Course Description
Fall 2004	The management of database systems within organizational settings. Includes features of database management systems, various data models, database schema design, normalization, relational algebra, relational calculus, SQL, query optimization, and various indexing techniques. Course Information: Access to the Internet is required. Prerequisites: MIS 502, MIS 552. .

MIS 552 System Analysis And Design

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	25	()	25		
Fall 2004	25	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	System life cycles, including planning requirements, analysis, components acquisition, installation, maintenance, and enhancement; emphasis on distributed systems, prototyping, and CASE tools. Individual and/or team project involving reports and walk-throughs. Course Information: Access to the Internet is required. Prerequisite: MIS 502, or equivalent.

MIS 564 Telecommunications

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Spring 2005	26	()	25		

Catalog	Course Description
Fall 2004	The principles and applications of telecommunications are emphasized. Technical and managerial aspects of telecommunications within a business are covered. International standardization efforts are introduced, and the development of local and public networks are compared. LAN and PBX standards, implementations, and performance are compared. Other topics include comparison between voice and data traffic and between analog and digital transmission methods and integration of voice, data, facsimile, and video. Course Information: Access to the Internet is required. Prerequisite: MIS 502, or equivalent.

MIS 570 Topics In MIS

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	17	()	25	Topic: Data Warehousing	Prerequisite: MIS 542 or Equivalent.

Catalog	Course Description
Fall 2004	An advanced topic from the current literature of MIS. Course Information: May be repeated if topics vary. Access to the Internet is required.

MIS 571 Elec Commerce Bus Uses/Internt

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	30	()	30		
Fall 2004	24	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Tools and technologies needed for electronic commerce are reviewed. Business opportunities, challenges, and strategies for use of the information superhighway will be explored, as will strategies and vision on how to leverage the emerging national and global information infrastructure. Other topics include the impact of the emerging electronic market and commerce reengineering in today's corporations. Course Information: Access to the Internet is required. Prerequisite: Graduate standing and familiarity with a computer on the internet.

MIS 573 Project Management

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	24	()	25		
Summer 2005	27	()	25		

Catalog	Course Description
Fall 2004	Managing Information Systems/Technology projects within an organizational context, including the processes related to initiating, planning, executing, controlling, reporting, and closing a project. Covers topics such as project integration, scope, time, cost, quality control, risk management, and earned value management. Students will be exposed to knowledge base needed for Project Management certification. Open to non-MIS majors. Course Information: Access to the Internet is required. Prerequisite: BUS 322, or equivalent, or permission of instructor.

MIS 575 Tech Mgt & Org Transformation

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	27	()	25		Prerequisite: MIS 513 or permission of instructor.
Spring 2005	24	()	25		Changed to Online.
Spring 2005	25	()	25		

Catalog	Course Description
Fall 2004	Provides participants with knowledge and skills in the concepts of managing technological change within for profit and not-for-profit types of organizations. Examines how information technology makes possible new business models, new organizational structures, and new management processes. Presents different approaches and current practices in dealing with the organizational and human aspects of effective technology transition initiatives. Topics covered include change management, new information technology-based business models, planning for technology transition, managing change agents, and managerial decisions about information technology. Major emphasis on discussion of current situations faced by today's organizations and extended case studies. Course Information: Access to the Internet is required. Prerequisite: MIS 513, or equivalent, or permission of instructor.

MIS 583 Graduate Project And Seminar

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		
Fall 2005	1	()	25		If not completed during initial 4 hour enrollment, must register for 1 credit hour in all subsequent semesters until project completed. Requires Instructor Approval
Fall 2004	5	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Closure experience involving an advanced problem or need in MIS; may or may not involve a practicum. Project topic must be approved in advance by the MIS Department Committee; written report and oral presentation required. Students are required to participate in a regularly scheduled seminar that covers the process of project design and methods in MIS. Access to the Internet is required. NOTE: If the project is not completed during the initial four-hour enrollment, students must register to audit MIS 586 for one hour in all subsequent semesters until the project is completed. Course Information: Access to the Internet is required. Prerequisite: 24 hours of 500 level coursework in MIS.

MIS 584 Capstone

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	25	()	25		
Spring 2005	14	()	25		
Fall 2004	25	()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Covers current topics in MIS including issues related to areas of business environment, technology, globalization, politics, ethics, legal, regulatory, and demographic diversity. The role of MIS in those areas will be addressed. In each semester, these selected topics may not be the same depending on what topics are current and emerging. Assignments include paper critiques, group discussions, and a final paper or project. This course is primarily for MIS majors and should be taken in the last semester of the MIS degree program. NOTE: If this course is not completed during the initial four-hour enrollment, students must register for the course and re-take it again. Course Information: Access to the Internet is required. Prerequisite: 32 hours of 500-level coursework in MIS.

MIS 585 Thesis And Seminar

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004		()	25		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Academic study of a student-selected topic in MIS that involves a survey of relevant literature and empirical analysis. Thesis topic must be approved in advance by the MIS Department Committee; written report and oral presentation required. Students are required to participate in a regularly scheduled seminar that covers the process of conducting research in the field of MIS and phases of the research process. NOTE: If the thesis is not completed during the initial four-hour enrollment, students must register to audit MIS 587 for one hour in all subsequent semesters until the thesis is completed. Course Information: May be repeated to a maximum of 8 hours. Access to the Internet is required. Prerequisite: 24 hours of 500-level coursework in MIS.

MIS 586 Project/Seminar Con't Enrolmnt

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	6	()	99		
Summer 2005		()	99		
Spring 2005	11	()	99		
Fall 2004	12	()	99		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Refer to NOTE in course description for MIS 583. Course Information: May be repeated.

MIS 587 Thesis/Seminar Con't Enrolmnt

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005		()	99		
Summer 2005		()	99		
Fall 2004		()	99		Online course delivered via the Internet. Students are required to have access to the Internet for at least five hours per week. No on-campus meetings are required, but students may be required to arrange for an approved proctor at a local college or university for examinations.

Catalog	Course Description
Fall 2004	Refer to NOTE in course description for MIS 585. Course Information: May be repeated.

MPH 405 Computer Applics/Public Health

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	12	(1)	20		

Catalog	Course Description
Fall 2005	This course will provide the basic practical concepts and computer techniques for analyzing health-related data. Topics include introduction to commonly used software systems in public health, (specifically EPI-INFO software), simple statistical analysis, and interpretation of results.
Fall 2004	Application of reasoning patterns of epidemiology to interpretation of data about health and disease. Basic practical concepts and computer techniques for analyzing health-related research. Topics include introduction to commonly used software systems in public health, simple statistical analysis, and interpretation of results. Also offered online.

PAC 407 Geopolitics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	19	(7)	17		*Same as ENS 461

Catalog	Course Description
Fall 2004	Examines strategic geopolitical issues; problems relating to food, natural resources, population change, and technological development will be evaluated regarding international development. Addresses global issues from a geographic perspective. Course Information: Same as ENS 461.

PAC 415 Chemicals And The Citizen

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Requires Instructor Approval
Fall 2005	20	(3)	20		
Fall 2005	21	(2)	20		
Spring 2005	19	(5)	20		Requires Instructor Approval
Spring 2005	19	(10)	20		Requires Instructor Approval
Fall 2004	20	(8)	20		
Fall 2004	20	(5)	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Provides the basic concepts and vocabulary to understand many of the hot environmental issues related to chemicals in our environment. Introduces public health and policy issues as well as technical aspects related to the broad topic of chemicals in the environment. A course about chemical issues, not chemistry, this course is designed to provide non-chemists with a basis for understanding contemporary issues such as safety testing of chemicals, air and water quality, and disposal of hazardous chemicals.

PAC 422 Food Stamp Expert Cert Program

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	30		Restricted to IDHS employees. Requires Instructor Approval
Spring 2005		()	30		Restricted to IDHS employees. Requires Instructor Approval
Fall 2004	13	()	30		

Catalog	Course Description
Fall 2004	Course Information: Credit/No Credit grading only. Enrollment restricted to IDHS employees only.

PAC 427 Women and Public Policy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2005	20	(4)	20		
Spring 2005	20	(5)	20		
Fall 2004	30	(14)	27		

Catalog	Course Description
Fall 2004	Introduction to public policy-making in the context of women's role. Each student will select and examine a policy issue of special concern to women, or one in which they can examine the influence of gender.

PAC 434 Changing Am Family & Pub Pol

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Spring 2006		()	25		
Fall 2005	20	(7)	20		
Fall 2005	20	(10)	20		
Spring 2005	23	(5)	25		
Spring 2005	24	(3)	25		
Fall 2004	25	(8)	25		
Fall 2004	25	(11)	25		

Catalog	Course Description
Fall 2004	Looks at shifts in government policy that affect family formation and dissolution, family roles and responsibilities, and quality of life for parents and children. Focuses on current issues and related policy, changes in societal attitudes and values, and trends for the future and analyzes specific family laws to understand the consequences they have had on families from various cultures.

PAC 442 The Internet and American Life

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	25		
Fall 2005	25	(7)	25		
Fall 2005	25	(2)	25		Requires Instructor Approval
Fall 2005	30	(6)	25		
Summer 2005	23	()	24		Requires Departmental Approval
Summer 2005	25	(2)	25		
Summer 2005		()	25		
Spring 2005	26	(10)	25		
Spring 2005	30	(2)	25		
Fall 2004	22	(5)	25		
Fall 2004	29	(7)	25		

Catalog	Course Description
Fall 2004	With far-ranging influences on commerce, education, news, entertainment, information, and more, the Internet has had an enormous impact on American society over the past decade. This course examines that impact with an emphasis on planning and public policy.

PAC 443 Computers and Society

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	12	(2)	20		Instructor Permission Required
Fall 2004	15	(4)	20		

Catalog	Course Description
Fall 2004	Examines ethical, legal and societal implications of computing and telecommunications.

PAC 444 Seminar on Work and Family

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	10	(3)	10		
Fall 2005	10	(10)	10		Restricted to Liberal Studies majors.
Spring 2005	22	(6)	20		
Fall 2004	19	(7)	20		

Catalog	Course Description
Fall 2004	Examines and debates the critical challenges facing individuals, families, employers and communities in managing the changing demands of work, family and life. (Family is broadly construed to include all significant non-work relationships.)

PAC 445 Refugees/Exiles: Global World

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	19	(2)	20		

Catalog	Course Description
Fall 2004	Familiarizes students with the processes of forced migrations and the dilemmas of living between cultures. Examines national and international developments forcing people to escape to "safe" places where they face isolation, prejudice, and often poverty.

PAC 446 Population and Public Policy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	7	()	10		Must reside in Sangamon County. Requires Instructor Approval
Summer 2005	18	(2)	20		
Summer 2005	20	(2)	20		Requires Instructor Approval

Catalog	Course Description
Fall 2004	Study of the size, composition, distribution, and socio-economic aspects of the population. Investigate sources of demographic data. Learn impact of demographic changes on different policy issues such as immigration, population and environment, the elderly and the outlook of social security, and allocation of public funds between the children and the elderly.

PAC 452 Contemporary Ideologies

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	20	(3)	20		
Summer 2005	20	(2)	20		

Catalog	Course Description
Fall 2005	This course explores and cultivates an informed awareness of how contemporary ideologies frame public issues and influence civil society. The class covers the definition of ideologies, their evolution and impact.

PAC 455 Polls, Public Opinion & Policy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Peoria students. Requires Instructor Approval
Spring 2006		()	20		
Fall 2005	19	(6)	20		

Catalog	Course Description
Fall 2005	Study of the concepts, methods, and uses of polls including topics such as the history of public opinion polling, reading and using polling results, presidential uses of polls, polling and public policy, measurement errors, arguments against polls, and ethical issues in polling.

PAC 458 The Chinese Century

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	20	(4)	20		

Catalog	Course Description
Fall 2005	Will the People's Republic of China supplant the United States as the world's foremost economic superpower in the 21st Century? This colloquium will examine the political, economic, social and cultural implications of the rise of Chinese capitalism.

PAD 431 Operations Research Methods

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005		()	10		*Same as MAT 444.
Fall 2005		()	10		*Same as MAT 444.
Fall 2004		()	10		Same as MAT 444.

Catalog	Course Description
Fall 2004	Quantitative methods necessary for analysis, modeling, and decision making. Topics include linear programming, transportation model, network models, programming, decision theory, games theory, PERT-CPM, inventory models, and queuing theory. Additional topics may be chosen from integer linear programming, system simulation, and nonlinear programming. Course Information: Same as MAT 444. Prerequisite: MAT 332, or permission of instructor.

PAD 575 Effective Pub Affairs Writing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	12	()	20		Same as POS 575, LES 575
Fall 2004	11	()	20		

Catalog	Course Description
Fall 2005	Writing-intensive course examining a range of writing styles, structures and components used by public affairs practitioners and graduate students. Includes such topics as thesis statement literature review, fact sheet, policy memo and press release. Course Information: Same as LES 575 and POS 575.
Fall 2004	Writing-intensive course examining a range of writing styles, structures and components used by public affairs practitioners and graduate students. Includes such topics as thesis statement literature review, fact sheet, policy memo and press release.

PHI 301 Critical Thinking

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Philosophy majors.
Spring 2005	10	(4)	10		
Spring 2005	10	(6)	10		

Catalog	Course Description
Fall 2004	Principles of logical analysis and argumentation, with special attention to common fallacies in informal reasoning, reasoning by analogy, and decision theory. Course Information: This course fulfills a general education requirement in the area of Humanities.

PHI 421 Ancient & Medieval Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	8	()	20		
Fall 2005	10	(1)	10		Restricted to Online PHI majors. Students who have taken PHI 458 Classical Greek Wisdom via Online are not eligible to take PHI 421 Ancient and Medieval Philosophy. Please contact the College of Liberal Arts and Sciences at (217) 206-6512 for approval.
Fall 2005	11	(1)	10		Restricted to Online PHI majors. Students who have taken PHI 458 Classical Greek Wisdom via Online are not eligible to take PHI 421 Ancient and Medieval Philosophy. Please contact the College of Liberal Arts and Sciences at (217) 206-6512 for approval.
Fall 2005	19	(6)	20		Students who have taken PHI 458 Classical Greek Wisdom via Online are not eligible to take PHI 421 Ancient and Medieval Philosophy

Catalog	Course Description
Fall 2005	Familiarizes students with the ancient and medieval traditions which gave rise to present-day philosophy. It consists of four units: A. Presocratics and Plato; B. Aristotle; C. Roman Philosophy, including St. Augustine; D. Medieval Philosophy, including von Bingen, Maimonides, and Aquinas.

PHI 425 History of Modern Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		Restricted to Philosophy majors.
Spring 2005	18	(4)	20		

Catalog	Course Description
Fall 2005	A survey, grounded in primary texts with secondary readings of western philosophical thought, from the Renaissance to the twentieth century. The course gives students background information in the history of modern philosophy necessary to understand contemporary philosophical debates.

PHI 434 Aesthetics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		

Catalog	Course Description
Spring 2006	The course covers the major concepts and theories of analytic aesthetics, including beauty (the sensory beauty and the beauty of the abstract entities), aesthetic and artistic values, aesthetic experience, aesthetic attitude, aesthetic state of mind, and relations between aesthetics and art. Background in Philosophy or Art recommended but not required.

PHI 436 Contem Am Political Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	5	(3)	5		*Same as POS 436.
Fall 2005	5	(2)	20		
Fall 2005	9	(1)	10		

Catalog	Course Description
Fall 2004	Focuses on four late 20th century political philosophies: liberalism, libertarianism, communitarianism, and conservatism. Considers left-wing vs right-wing approaches to social redistribution and individualistic vs. communitarian views of the person as the basis for political theories. Readings include selections from Rawls, Nozick, Walzer, Guttman, and Taylor. Course Information: Same as POS 436. This course fulfills a general education requirement at UIS in the area of Humanities.

PHI 440 Ethics

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	19	(9)	20		
Fall 2005	20	(11)	20		
Spring 2005	10	()	20		Second Half class, begins March 7
Spring 2005	18	(7)	24		

Catalog	Course Description
Fall 2005	This class gives students the background in analytical moral theory, covering issues as the sources of moral obligation, objectivism and relativism, intuitionism, utilitarianism, deontology and virtue. It is recommended to follow this class with PHI 441 or a class in Applied Ethics.

PHI 441 Moral Theory

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	18	(8)	20		
Spring 2005	11	(4)	16		Requires Instructor Approval

Catalog	Course Description
Fall 2005	Familiarizes students with advanced analytical moral theory on the basis of contemporary readings, mostly anthologies. The issues include: internalism, externalism, impartiality and special obligations. Course Information: Prerequisite: PHI 440.

PHI 453 Person, Identity, And Dignity

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	10		
Fall 2005	17	(11)	20		
Summer 2005	10	(1)	10		
Summer 2005	11	()	10		Restricted to PHI majors.
Spring 2005	8	(2)	8		
Spring 2005	10	(10)	10		
Fall 2004	12	(10)	10		LIS majors only.
Fall 2004	12	(4)	10		
Fall 2004	19	(11)	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Focuses on such questions as: What makes people different from other things in the world? What makes people identical with themselves over time? Do any moral considerations (questions of value) depend on our status as people? No prior familiarity with philosophy required. Combines elements of philosophical anthropology, moral philosophy, and philosophy of mind. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

PHI 458 Classical Greek Wisdom

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2004	19	(11)	20		Instructor Permission Required
Fall 2004	19	(13)	20		Instructor Permission Required

Catalog	Course Description
Fall 2004	Introduces students who have no background in philosophy to the views of such thinkers as Socrates, Plato, and Aristotle. These views are related to the cultural context of the ancient world as well as to current controversies in our own society. For example: Can morality be taught? Is there life after death? Is democracy the best form of government? Is happiness the greatest, or the only, valuable goal in life? Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

PHI 471 Philosophy of Science

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Spring 2005	6	(2)	8		
Spring 2005	8	(2)	10		

Catalog	Course Description
Fall 2005	Introduces students to many of the philosophical issues involved in modern science. Topics include: What is science? What is the nature of scientific explanation? How are scientific hypotheses justified? Students also learn about social and moral implications of science and how major discoveries in physical and biological science pertain to creating the new image of the world.

PHI 472 Intro/Metaphysics&Epistemology

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	12	(2)	20		Real time participation required of Online students on Wednesdays, 2-3:30pm.
Spring 2005	14	(3)	16		

Catalog	Course Description
Fall 2005	Explores a selection of topics from core analytic philosophy, both classical and contemporary, such as knowledge of the external world, the rationality of science, mental content, free will, and private languages. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

PHI 480 Readings:History of Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	5	()	10	Readings:Ethics & Spec Obligat	
Fall 2005	8	(3)	10	Readings:Ethics & Spec Obligat	

Catalog	Course Description
Fall 2004	Guided readings in a period of the history of philosophy or a particular philosophical tradition or figure. Course Information: This course fulfills a general education requirement at UIS in the area of Humanities.

PHI 481 Philosophy of Language

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		

Catalog	Course Description
Spring 2006	What is it for words to mean something? What is the connection between language and reality? We will survey the major topics in the philosophy of language, focusing primarily on the concept of meaning, and will read works by Frege, Russell, Quine, Kripke, and others. Prerequisite: PHI 453, PHI 495, or any of PHI 470 through PHI 489 (or instructor's permission).

PHI 495 Senior Seminar in Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	1	()	15		Special Topic: Free Will. Restricted to PHI majors or requires permission of Instructor.
Fall 2005	7	()	15		Restricted to Seniors.

Catalog	Course Description
Fall 2005	This capstone class includes a two credit hour seminar (open to all students) and a two credit hour senior overview (for Philosophy majors) which includes a research paper. The seminar covers an advanced issue in analytic philosophy (selected by the program each semester). The overview for majors involves senior assessment. Those who write on a non-seminar topic complete a seminar examination. Non-majors take the seminar only, with examination. Graduate students will also write a seminar related paper.

POS 270 Global Issues

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Summer 2005	19	(3)	20		

Catalog	Course Description
Fall 2005	Global issues are problems that transcend national boundaries, cannot be resolved by countries acting separately, and require policy changes now because the problems are long-term. This course will look at four areas: security, economics, the environment, and human rights.

POS 420 National Security & US Const'n

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	19	(3)	20		

Catalog	Course Description
Fall 2004	Provides an historical and contemporary examination of the issues of U.S. constitutional law raised during times of heightened concern about national security. Course Information: This course fulfills a general education requirement at UIS in the area of Social and Behavioral Sciences.

POS 436 Contem Am Political Philosophy

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Spring 2006		()	20		
Fall 2005	5	(2)	5		*Same as PHI 436.
Fall 2005	15	(5)	20		

Catalog	Course Description
Fall 2004	Focuses on four late 20th century political philosophies: liberalism, libertarianism, communitarianism, and conservatism. Considers left-wing vs right-wing approaches to social redistribution and individualistic vs. communitarian views of the person as the basis for political theories. Readings include selections from Rawls, Nozick, Walzer, Guttman, and Taylor. Course Information: Same as PHI 436. This course fulfills a general education requirement at UIS in the area of Humanities.

POS 575 Effective Pub Affairs Writing

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005	2	()	20		Same as PAD 575, LES 575

Catalog	Course Description
Fall 2005	Writing-intensive course examining a range of writing styles, structures and components used by public affairs practitioners and graduate students. Includes such topics as thesis statement literature review, fact sheet, policy memo and press release. Course Information: Same as LES 575 and PAD 575.

PSY 322 Child Development

Offered	Enr	(LIS)	Cap	Subtitle	Notes
Fall 2005		()	20		
Summer 2005	33	(3)	40		Requires Departmental Approval

Catalog	Course Description
Spring 2006	Development of intelligence, language, and cognition; physical growth and social and personal development in newborns, infants, and toddlers and in early and middle childhood. Emphasis on child-rearing practices. Course Information: Designated Writing Course. Prerequisite: PSY 201 or equivalent.
Fall 2005	Development of intelligence, language, and cognition; physical growth and social and personal development in newborns, infants, and toddlers and in early and middle childhood. Emphasis on child-rearing practices. Course Information: Designated Writing Course.
