Request for Subsequent Certificates

Illinois teachers who want to earn additional/subsequent certificates in **Elementary Education or Secondary English, Mathematics, Social Studies** (designations in history, political science, or sociology/anthropology) **or Science** (designations in Biology or Chemistry) at the University of Illinois at Springfield must

- 1 Complete and submit for review by the unit's Certification Officer this form.
- 2 Copies of all transcripts and teaching certificates must be attached to the form.

Following review of the transcripts, the certification officer will provide the candidate with a focused plan of study that takes into account previous academic work and experience. Generally, the academic work and experience must have been completed in the last seven years. The plan you receive may require

- Coursework to meet general education deficiencies
- 24-32 hours of coursework in the candidate's certification area
- Completion of all teacher education program requirements (including state-mandated certification exams) Note: Any required methods courses require 30-40 hours of field experience. Required field experiences will not be waived.
- A supervised internship

Candidates who choose to pursue the additional/subsequent certificate must

1. Apply and be accepted into the university
2. Apply and be accepted into the teacher education program
3. Submit official transcripts to the university

Questions regarding these requirements should be addressed to Dr. Allan Cook, Certification and Assessment Officer (206-7007) or acook1@uis.edu.
