

also have a chest x-ray. If you have been treated for tuberculosis disease or infection, you must provide medical records, which must be accompanied by a certified English translation. *There are no exemptions from the tuberculin skin test for international students.*

Immunization forms may be obtained from the Campus Health Service or downloaded from the UIS website at [uis.edu/~hlthserv/chs1/default.htm](http://uis.edu/~hlthserv/chs1/default.htm). The form must be complete and on file before 5 p.m. on the 10th official day of the semester during the fall and spring semesters or the 5th official day of the summer term. If your record is not complete by that date, you will be assessed a non-refundable \$25 fee for late processing. If you are not in compliance by your second semester at UIS, you will not be allowed to register until the required immunization information has been completed and submitted. Questions about this policy should be directed to the Campus Health Service, (217) 206-6676.

## **COMMUNITY COLLEGE ARTICULATION AND TRANSFER**

The University of Illinois at Springfield is vitally concerned about the time it takes you to complete your bac-

calaureate degree. Loss of credit when you transfer from your lower-division school to UIS could extend that time. Since the majority of UIS' undergraduate students are transfer students, UIS has invested considerable effort to ensure that you have the best chance of transferring all your credit hours. This assurance comes through 1) the campus' participation in the Illinois Articulation Initiative and 2) its development of two-plus-two agreements and other articulation agreements with community colleges and lower-division schools.

### **ILLINOIS ARTICULATION INITIATIVE**

The University of Illinois at Springfield is a participant in the Illinois Articulation Initiative (IAI), a statewide agreement designed to allow you to transfer your general education credit, as well as credit earned in select majors, between participating institutions. The campus has participated in IAI since the summer of 1998.

The IAI General Education Core Curriculum is a package of lower-division general education courses that you can transfer from one participating school to another to fulfill the lower-division general education requirement at your new (transfer) school. To complete the core curriculum package,

you must take at least 12 to 13 courses (37 to 41 semester credits) in five fields or categories. Completion of the entire IAI General Education Core Curriculum satisfies your lower-division general education requirement for a bachelor's degree at UIS. (See page 33.)

It is in your best interest to complete the IAI general education as a package *before* transferring to UIS. If you do not complete the entire package before transferring to UIS and you do not have an A.A. or A.S. degree earned before the introduction of the IAI, you will be subject to UIS' general education requirements. UIS will work with you to transfer the courses you have taken, but the campus cannot guarantee that all your credit will transfer when applied to the UIS requirement.

UIS also participates in certain of IAI's Baccalaureate Majors Recommendations. This means that you may be able to transfer courses in your major (such as art, biology, or business) between participating institutions without loss of credit. Contact an academic adviser for additional information about IAI and read about IAI at [www.iTransfer.org](http://www.iTransfer.org). The website contains a powerful search tool to help you find and match IAI courses at participating schools and a helpful transfer student planning worksheet.
