The University of Illinois Springfield offers a grant to students from other states!

Grants are competitive and may be combined with other scholarships!

Grants will be awarded to students on a competitive basis until funds have been exhausted. Students admitted conditionally pending receipt of final transcripts due to in-progress courses at their school will be considered for the scholarship, provided when their final transcript arrives they still meet eligibility criteria. The deadline for having final transcripts in for full admission is the start of term. Awards will be disbursed through the Office of Financial Assistance and credited toward educational costs on the student’s account. This grant is renewable.
