University of Illinois Springfield

Accreditation: The College of Business and Management is AACSB Credited (2006) The Bachelors in Accountancy is granted by the College of Business and Management.

The Masters in Accountancy is not separately accredited but is included in the overall AACSB Accreditation of the College of Business and Management.

* For students enrolled in a graduate program: ACC hours that are labeled as ACC 500- level **and shown within the template to count as ACC hours**, are converted by multiplying by 1.6 to count towards the 30 total accounting hours required. This 1.6 conversion factor is NOT applied to hours that count as business, business ethics, or business communications within the template; strictly is for accounting hours only. For example, note that ACC563, Commercial Law is counted as 3 hours Business credit, including ½ credit of Business Communication. Weighting factor is not applicable in that example.
