UNIVERSITY OF ILLINOIS AT SPRINGFIELD
CAMPUS SENATE AY 2005/2006
RESOLUTION 35-16

This Resolution is a Proposed Addition of Concentrations to the Post-Master’s Certificate in the Educational Leadership Program.
The Educational Leadership Program currently offers a Post-Master’s Certificate Program for Educational Leadership for those seeking certification as a school superintendent. This proposal aims to divide the current curriculum into two concentrations. The proposed online Chief School Business Official’s (CSBO) Concentration is a new concentration within this existing Post-Master’s Certificate Program. The second concentration would provide courses for superintendents.

The Post Master’s Certificate Program would have a core curriculum consisting of 20 hours of course work and 4 hours of clinical experience (see Attachment 1). The two concentrations (the Superintendent’s Concentration and the CSBO’s Concentration) would each include an additional 12 hours. The total hours required for the certificate program would be 36 hours.

The new CSBO concentration would require the establishment of two new courses: EDL 640 Business Applications (Revenues) and EDL 645 Finance Applications (Expenditures). The other courses already are in existence; however, those courses would now need to be offered in an online format.
