UA BILL 7-8

POLICY AND PROCEDURE FOR UNDERGRADUATES
ENROLLING IN GRADUATE COURSES AND CATALOG
REQUIREMENTS FOR GRADUATION

Undergraduate students who are within 16 hours of completing all course work for the bachelor’s degree may enroll in 500-level courses with the approval of their adviser and the course instructor. Credit earned in such courses may either count towards completion of the undergraduate degree or toward fulfillment of requirements for a graduate degree, but not both. Such students will be expected to achieve the same level of expertise and quality as other graduate students.

Undergraduate students who wish to enroll in 500-level courses for credit towards the bachelor’s degree must have the approval of the course instructor and their faculty adviser. Such students will be expected to achieve the same level of expertise and quality as graduate students in the class.

Students may choose to meet the Academic Program requirements of the Catalog in force at the time of their admission to the University as a degree-seeking student, or of any Catalog in force during a period subsequent to admission not to exceed five years for master’s degree candidates or seven years for bachelor’s degree candidates. Students unable to complete graduation requirements within that period may, at the discretion of their Academic Program, be held liable for the requirements in the Catalog in the year of graduation.

(This bill supercedes UA 1-42, Catalog Requirements)
