General Description of agency or business
We are a start-up business working in the field of leadership development. We will work with high school and college students as well as corporate groups to develop future leaders.

Internship or Job Description
Media Assistant Internship
- Video/Media Production
- Possible podcast Production
- Administrative duties

Basic student learning anticipated
Working for our company will give a student broad experience in media. We are looking for someone who can film and edit several video projects as well as the possible launch of some podcasts. Since our business is fairly new our interns will have the opportunity to have a voice in how we are shaping our social and media footprint in our industry.

Hours per week: Up to 20

Number of weeks: 8-16

Position Available: Fall, Spring, Summer

Unpaid
