General Description of agency or business
Prevent Child Abuse Illinois is a state-wide non-profit organization that specializes in child abuse prevention programs. We have been in business for 22 years.

Internship or Job Description
Website Designer
- Develop a custom design update for our current website using a Wordpress or similar low cost format
- Take current website and transfer information including plug-ins and links into the new website design
- Facilitate training sessions to staff on how to update the website
- Work closely with Director of Development and Communications

Basic student learning anticipated
Working for our organization will give a student experience with web design, communication, and educational instruction. The student will design a user friendly website. The student will communicate with all staff on different aspects of how the website will look and will teach staff how to update the website.
