Ann and Raymond Pearson (renewable) Scholarships (Honors Scholarship)	Committee decidee criteri:		NA	full time	honors			NA		Na	No	Recipients must be an honors student Recipient must maintain a 3.0 GPA to continue to be eligible for renewal each year as established by the Scholarship Committee There will be \$26,785 in the account for 17./18, if Erik Thulien, Alexander Phelps and Pawel Kadzielama are eligible for renewal in fall 2017, the account will have \$22,285 in it for awards after this renewal. There is currently a residual balance in Banner, keep in mind if awarding a renewable scholarship with these funds in fall 2017 that after the residual is spent, the endowment only earns \$6,369 per Fiscal year. A suggested use for the residual that has been done in the past is to make a multi year award to a student or students and tagging those funds to be reserved for that purpose, an example is (award a student a \$5,000 scholarships renewable for 4 years = \$20,000) or in smaller increments.
