How Will I Receive My Financial Aid?

DIRECT APPLICATION TO YOUR UNIVERSITY STUDENT ACCOUNT

Grants, scholarships, and loans administered by the Office of Financial Assistance (OFA) are first applied directly to your university student account to pay charges for tuition, fees, university-operated housing, and other university charges. Financial aid awarded for a specific term can only pay for charges for that same term.

AID THAT EXCEEDS YOUR UNIVERSITY STUDENT ACCOUNT CHARGES

a. Release of Funds to You (Refund)

- Students whose financial aid exceeds the charges on their university student account will receive these funds (referred to as a "refund") to pay other educationally related expenses. You may choose to have these excess funds deposited directly into your personal bank account. **If you do not choose this option, please contact the University Student Financial Services and Cashier Operations (USFSCO)** office located on the UIS campus for your options. If your parents are borrowing through the PLUS Loan program, they should review the disbursement information on the **Federal Direct Parent PLUS Loan Request Form**.

b. Direct Deposit Authorization

You may have your financial aid refunds deposited directly to your bank account. To take advantage of direct deposit:

1. Select Direct Deposit from the **University Student Financial Services and Cashier Operations (USFSCO)** website. You may complete this form at any time during the year; however, allow at least 48 hours for the form to be processed.

Keep in mind:

- The direct deposit authorization will cover all funds disbursed to you--financial aid and university employment wages (including Work-Study).
- The direct deposit authorization will remain in effect until you cancel it; to do this, please contact the **University Student Financial Services and Cashier Operations (USFSCO)** office located on the UIS campus.

Special Note to Students Enrolled Less than Full-Time: *Your financial aid is packaged based on full-time enrollment. If you are not enrolled full-time at the time of disbursement or at the end of the add/drop period, your aid will be adjusted accordingly and you will receive a revised award notice reflecting your level of enrollment.*

Federal Work-Study

Federal Work Study awards are earned as wages by working in positions with eligible employers. Employers pay a percentage of students' wages while federal or state funds pay the remaining wages. **Wages are typically paid bi-weekly through the employer's payroll system.** Students who are interested in community service may find a number of positions available through the Work-Study program. The **Student Employment Office** maintains listings of eligible jobs and posts them on the web. Students contact employers directly for interviews. You will need to show the employer a copy of your award notice (available on the Student Self Service) and proof that your enrollment is at least half-time.

Private Scholarship Checks

- **If your scholarship check is sent to the University, it will be directly applied** to your University student account, one-half in the Fall Term, one-half in the Spring Term, unless otherwise specified by the scholarship sponsor. Payments are usually processed within two weeks of the start of each term, upon full-time registration. If

the payment creates a credit balance on your University student account, the credit will be released to you either by check or direct deposit to your bank account.

- **If your scholarship check is sent directly to you, but it is made out to the University**, you should take it or send it to the **Office of Financial Assistance**.
- **If your scholarship check is sent directly to you, and it is made co-payable to you and the University**, endorse the check and submit it to the **Office of Financial Assistance**.
- **If your check is made payable to you only**, it is your responsibility to **report this resource to OFA** and to apply any funds necessary to your **University student account**.
