Medical history

Before receiving an injection, I will ask questions of the provider if I have any.

I will inform the provider of any allergies BEFORE receiving the vaccine.

I do not have an allergy to yeast.

I am not allergic to thimerosal (preservative).

I have no serious allergic reactions to Hepatitis B.

I have received and read the Vaccine Information Statement on the Hepatitis B vaccine, including contraindications and side effects.

I am not on blood thinners, anticoagulants or have a bleeding disorder.

I understand that, as with any vaccine or drug, there is a possibility, however remote, that serious allergic reactions or even death could occur.

I understand that I should report any adverse reactions to Health Services at (217) 206-6676.

I am not pregnant or breast feeding.

I do not have an acute illness or infection.

I believe I understand the benefits and risks of the vaccine(s) and request that it be given to me.

I agree to remain in the Health Services Clinic for 15-20 minutes following injection to be observed for any sign of adverse reaction.
