Beatles Course Popular on iTunes U

Story air date: Tuesday, December 28, 2010

A longtime instructor of a course on The Beatles has greatly boosted his student base... and popularity... via the web. University of Illinois at Springfield Communication and Liberal Studies professor Michael Cheney has taken his love for the Fab Four and condensed it into a series of on-line lectures. Illinois Public Media's Jeff Bossert talked with Cheney about his Beatles course, and a podcast that's drawing fans worldwide.
