**Things to Do Once Classes Start**

- Attend Classes – it costs you money every time you are late or miss a class.

- Get your books – buy, rent, or request through Inter-Library Loan. You need to make sure you are doing the required reading.

- Attend Welcome Week events in August or January - to experience and learn more about campus, have fun, and meet people.

- Get involved - Join an organization or activity. It is a great way to meet people, de-stress, and in some cases learn new skills.

- Attend the Campus Job Fair – usually held within the first week or two of the semester in the fall.

- Use campus resources like Brookens Library, the Learning Hub, and the Career Development Center – you have paid for them.

- Review your Syllabus from each class and use your smartphone calendar to record alerts for when class assignments, readings, tests, and papers are due.

- Create a Study Plan – no one will tell you when to sit down and do your homework and study. For every hour in class set aside 3 hours each week to study/read/do assignments.
