**Student Government Association Resolution 041**  
*Senator Commitment to Contribute to a Central Location of Goals*  
Resolution Sponsors: Speaker Kelly

**WHEREAS**, the University of Illinois Springfield (UIS) Student Government Association (SGA) is vested with the authority to be the voice for the student body; and,

**WHEREAS**, the communication between the UIS SGA and its constituents is currently acceptable and has been in years past; and,

**WHEREAS**, better communication is one of the most common complaints from stakeholders in many organizations; and,

**WHEREAS**, it is in the best interest of the UIS SGA to maintain its strong connection, communication, and transparency with its constituents; and,

**WHEREAS**, the easiest way to maintain this strong relationship with constituents is to be proactive and establish a stronger communication method in which it is easier for constituents to understand their representatives' goals, committee commitments, and current concerns each senator is committed to remedying; and,

**WHEREAS**, in many instances multiple senators are focused on resolving similar concerns.

**THEREFORE, BE IT RESOLVED**, the current UIS SGA senators shall establish a template to provide their current commitments (goals, committees, etc.) within a central location in order to collaborate with each other in an effort to resolve concerns quicker and with more beneficial solutions to each constituency in which each concern affects.

**BE IT FURTHER RESOLVED**, that future UIS SGA senators shall commit to maintaining a location within the UIS network in which senators can consolidate their commitments.
