Career Connections Expo 2025

On March 21st more than one hundred employers and 305 student, alumni, community and staff/faculty participants engaged in the Career Connections Expo in TRAC. We thank all sponsors, volunteers and campus partners for making this such a positive event.

Kaplan All Access Campus Connection

UIS Campus has available to enrolled students, courses and test preparation through Kaplan free of charge. The access is valid for 12 months from the time you sign up-particularly helpful for soon to be graduates. Sign up for courses and test prep in Business, Engineering, Nursing, Graduate School admissions, and licensing in a range of fields. Savings of thousands of dollars are the benefit. For more information visit go.kaplan.com/Illinois/course-tips

Student Spotlight:

How was working with the Career Development Center helpful to you?

The Career Development Center played a huge role in my interview preparation. When I was shortlisted for my Graduate Assistant interview, I reached out for a mock session, and their guidance was invaluable. They helped me understand how to structure my answers, emphasizing the importance of using examples from my experience. More than that, they created a comfortable environment that made me feel confident and ready for my interview.

How did the Career Development Center support you during your job/internship search?

Their support went beyond just giving interview tips, they truly invested in my success. During my mock interview, they not only helped me refine my answers but also reassured me that I was more than qualified for the role. They made sure I walked into my actual interview feeling prepared, calm, and capable. Their encouragement made all the difference.

What's the most valuable piece of advice you received from a career advisor?

The best advice I received was from Kathy, who told me that being invited to an interview meant I was already more than qualified. She reminded me that I had earned my spot and didn't need to be anxious. That advice stayed with me, helping me approach my interview with confidence rather than self-doubt.
