BREAKOUT SESSION 2

College of Liberal Arts and Social Sciences

University Hall Building (UHB) 2nd Floor Atrium

Join CLASS for a reception at the UHB 2nd Floor Atrium — visit with professors and advisors to learn more about your opportunities as a student in liberal arts and social sciences as a major, a minor, or to balance out your academic experience. We'll offer a fun activity to give you a taste of what you might do in a class with one of us! For instance, can you tell if a poem is written by a real human or by A.I.? How do we interpret the mix of visual images and writing in the graphic novel? What counts as “music,” how do we know, and who gets to say? What can we tell from an object—about the people who made it, the culture or historical period from which it comes?

College of Business and Management

University Hall Building (UHB) 2003

Dr. Mishra will provide an overview of the academic experience at UIS, explain what makes the College of Business and Management unique, and describe the various programs and experiential learning opportunities offered.

College of Public Affairs and Education

Public Affairs Center (PAC) 3rd Floor Atrium

The College of Public Affairs and Education will be hosting a meet-and-greet where prospective students can chat with professors, advisors, representatives from interactive student activities such as Model United Nations, Model Illinois Government, Speech & Debate Team, Mock Trial, and Student Media and tours of our departments and Pre-Law Center.

UIC Nursing

Student Affairs Building (SAB) UIC College of Nursing Suite 20

Tour the UIC Nursing Department and simulation labs and learn about programs offered with our nursing advisor, including the UIS/UIC Nursing direct admission program (GPPA) and Memorial Health Pre-Nursing Scholarship.

College of Health, Science and Technology

Biology and Chemistry

Health Sciences Building (HSB) 318

Prospective students will step into the lab and try out some of the common techniques used by students in the UIS biology labs. You'll get the chance to explore specimens under the microscopes and use material and equipment from our labs.

Computer Science,

Health Science Building (HSB) 101, Orion Lab

Meet Professor Joshua Smith from the Computer Science program and tour the cutting-edge Orion Lab which is a vibrant hub of research, education, and recreation, conveniently nestled in the lower level of the Health and Sciences Building (HSB). The lab is equipped with a diverse range of cutting-edge equipment, including 3D printers, CNC machines, laser cutters and engravers, computing resources, cybersecurity systems, and fabrication equipment.
