Section 2. Voting Electorates

The *Student Electorate* shall be composed of all persons who are enrolled as full- or part-time students in the University and who are not full-time employees. The student electorate shall be represented by the Student Senate, or its successor.

The *Faculty Electorate* shall be composed of all persons holding full-time faculty appointments who devote fifty percent or more of their time to instruction, research, and/or public service. This shall include faculty with titles such as Center Director and Research Associate but shall not include administrative titles of Dean or above.

The *Staff Electorate* shall be composed of all persons holding permanent full-time employment who are members of the University Civil Service Staff.

The *Administrative Electorate* shall be composed of all administrators holding full-time employment and faculty rank.

The *Academic Professional Electorate* shall be composed of those staff members whose positions have been designated by the President and the Chancellor as meeting specialized administrative, professional, or technical needs in accordance with Article II, Section 5 of the University of Illinois Statutes.

Section 3. The Campus Senate

The Campus Senate shall consist of the elected representatives of the above named electorates. The faculty shall elect twenty senators who shall be apportioned to the Colleges and the Library based on a ratio of one senator for every fifteen full time faculty in the unit except that each College will have a minimum of two Senators and the Library will have a minimum of one senator elected by the faculty of the respective units. The remaining Senators will be elected by the faculty at large. No college shall have more than one half of the total faculty senators. Faculty Senators shall serve two-year terms, one-half being elected each year. The Students shall elect five members and three alternates. Student Senators shall serve one-year terms. The Staff, Administration and Academic Professionals shall each elect one member who shall serve a two-year term. The Provost shall be an ex-officio, non-voting member. All Vice Chancellors, Associate Vice Chancellors, Directors, Deans, and executive officers of comparable academic, administrative, and service units who are not members of the Senate shall have the privilege of the floor on matters of concern to their units when such matters are before the Senate for debate. The Campus Senate shall be the representative, deliberative, and consultative voice of the Campus Community on matters of educational policy.

Every four years, the Senate Executive Committee shall recalculate the total number of faculty senators and their apportionment and submit any recommendations for change to the Senate.

Section 4. Committees and Task Forces

The Senate is empowered to appoint to Senate committees such non-senators as the Senate may determine. Such committee members shall have Senate floor privileges, including the privilege of making motions, on matters relating to the committee on which they serve, but they shall have no vote in the Senate.

In consultation with other representative bodies, such as the Student Senate (or its successor), the Campus Senate may establish committees to deal with the more general concerns of the University Community in accordance with the limitations contained in Article II, Section 1 and in the *University Statutes*. In those areas of multi-constituency concern, the Campus Senate shall ensure multi-constituency representation and establish the proper reporting procedures.

The minimum number of valid signatures required in such a petition from the faculty electorate shall be established by the Senate in its bylaws. The formulation of the questions presented and the procedures for obtaining such an expression of opinion shall be determined in each instance by the Senate. In all cases in which such poll is required, the Senate shall arrange for the poll to be conducted promptly upon receipt of the request. The results of any such poll of the faculty electorate shall be made public promptly.

Unless otherwise provided therein, bylaws or amendments thereto shall be effective immediately upon adoption. (Until they are revised, the Bylaws of the former Sangamon State University Faculty Senate shall serve as the Bylaws of the Campus Senate.)

Section 6. Records

Section 9. Recommendation of Degree Candidates

As permitted by the *University Statutes*, the Senate delegates to the faculties of the several schools and other independent academic units the recommendation of candidates for earned degrees, diplomas, and certificates to be conferred by the President under the authority of the Board of Trustees. A school may further delegate this authority to the faculties of its internal units.
