

Speaker Biography

L. BRUCE FINN

Information Technology Examiner

Federal Deposit Insurance Corporation

Chicago Region – Milwaukee Field Office

Bruce is a Commissioned Risk Management Examiner for the FDIC who specializes in examining IT environments. Bruce has been examining IT installations for the past ten years, ranging from community banks to some of the largest service providers in the country. In addition, he serves the FDIC as Lead Instructor for its fundamental IT examination course, which all Risk Management Examiners are expected to attend and also serves as a coach for individual examiners in the Corporation's On-the-Job Training program. Bruce received his BS degrees in Economics and Business from University of Nebraska at Kearney with honors and obtained his Certified Information Systems Auditor designation in 1997.
