Travel Directions to UIS Public Affairs Center (PAC)

From the east - using US 36/72:
At intersection with I-55, choose I-55 South, following it to Stevenson Drive exit (#94). Turn right (west) at top of exit ramp, proceed through 2 traffic signals; at 3rd signal, turn left (south) onto West Lake Shore Drive and proceed to parking lots C or D.

From the north - using I-55:
Leave the interstate at the exit (#94) for Stevenson Drive. Turn right (west) at top of exit ramp, proceed through 2 traffic signals: at 3rd signal, turn left (south) onto West Lake Shore Drive and proceed to parking lots C or D.

From the west - using US 36/72:
At intersection with I-55, choose I-55 South, following it to Toronto Road exit (#90). Turn left (east) at the top of exit ramp, proceed over the interstate through a small business area, over a rail crossing, and past the Capital Area Career Center. Turn left (north) onto Eleventh St, and turn right at the UIS marker at Hemingway Drive. Proceed to parking lots C or D.

From the south - using I-55:
Leave the interstate at exit (#90) for Toronto Road. Turn right (east) at the top of exit ramp, proceed through small business area, over a rail crossing, and past the Capital Area Career Center. Turn left (north) onto Eleventh St, and turn right at the UIS marker at Hemingway Drive. Proceed to parking lots C or D.

Alternate local route from downtown:
Take South Fifth Street through town to Hazel Dell. Turn left on Hazel Dell, follow curve, and proceed through a stoplight onto Eleventh Street, which weaves over railroad tracks and an industrial park to Hemingway Drive. Proceed to Lot C or D.

PARKING

Conference participants will find parking available in campus lots C and D which are close to the PAC, the Conference location. Please note important parking information at the Conference Registration Desk.

Cyber Defense & Disaster Recovery: Protecting our Infrastructure Assets
■■■■■■■■■■■■■■■■■■■■■

The Cyber Defense and Disaster Recovery Conference is a one-day program addressing the critical issue of disaster recovery. This year's theme focuses on protecting our infrastructure assets. Breakout sessions will consider this issue from different perspectives.

PROGRAM: The Cyber Defense and Disaster Recovery Conference will address recovery from disasters on some of our most critical infrastructures including education, banking and finance, information technology, communications, and private sector business. After considering events such as the in-school shooter, financial robbery, and a hacker's perspective of your network, the days events will culminate in a panel discussion featuring audience questions.

SPONSORS: Computer Science Department, University of Illinois at Springfield
Center for Systems Security & Information Assurance
InfraGard Members Alliance, Springfield, Illinois
