

Emily A.

**What is your major/course of study?**

I am a student at UIS who double majors in elementary education and psychology.

**When do you graduate?**

I am not sure when I am supposed to graduate, as I have made changes to my major recently.

**Goals for future employment?**

I want to become a teacher to kindergarteners through 3rd graders (the younger the better) out of state. Hopefully I can get a teaching job out in Tennessee or South Carolina. Sometime down the road after I am established in my career is when I will work on my master's degree.

**Which classrooms at the center do you typically cover?**

I work mainly in the infant room but you can occasionally find me in the Stars room as well!

**When did you start working at the center?**

I have been working with the center since October of 2018! Do not plan on leaving anytime soon either!
