

# SUPR/UIS DUI Training Program 2021-2022

Illinois Department of Human Services Division of Substance Use Prevention & Recovery

## SERVICE PROVIDER ORIENTATION PROGRAM

The three-day DUI Service Provider Orientation is required for all service providers who offer DUI Evaluation Services in Illinois, and must be completed within six months of employment as a DUI Evaluator. Staff providing DUI Evaluation Services shall meet one of the professional qualifications listed in the "Professional Qualifications Required" (below).

Because there are changes in DUI service provision requirements and procedures, we recommend taking the 3-day training at least once every five years.

## RISK EDUCATION INSTRUCTORS

Service providers who plan to perform only DUI Risk Education are required to attend just the portion of the Service Provider Orientation Training which covers SUPR rules and regulations (Day 1 ONLY). Risk Education instructors are strongly encouraged to attend Days 2 and 3 for an overall view of the system. Staff providing DUI Risk Education Services shall meet one of the professional qualifications listed in the "Professional Qualifications Required" (below).

## PROFESSIONAL QUALIFICATIONS REQUIRED

Anyone may attend any of the workshops in the DUI training program. However, in order to perform DUI Evaluations or Risk Education, staff must be certified by IAODAPCA or licensed as a professional counselor, physician, psychologist or social worker, and work for an agency licensed by SUPR.
