### **ATTENDANCE**

Attendance (and active participation) for all seminars is required. Absences due to work or illness will be accommodated. Interns who otherwise miss part or all of a seminar will be obligated to make up for their absence. This will be arranged with the instructor.

### **GRADES**

The course grade will be calculated as follows: 30% for each of the three papers; 10% on attendance and participation. Extra credit writing options will be offered.

### **WRITTEN ASSIGNMENTS**

**There are three written assignments for the seminar [note that alternate options may be offered]:**

1. In Nowlan and Johnson's book, chapters 2 through 7 address six major policy areas of significant concern: 1) taxing and spending, 2) education, 3) health care and human services, 4) infrastructure, 5) economic development and 6) reengineering state government. Choose one of the six areas and : a) outline/summarize the problem(s) as presented by the authors, b) critique their proposals for change and c) indicate whether their proposals have a realistic chance of gaining approval, given the political structure and climate in Illinois. Where relevant changes have been enacted since the book's publication, describe what factors allowed for these changes.

SUGGESTED LENGTH – 6 PAGES – Due October 24

2. Predict the outcome of any competitive Illinois legislative race in 2020. Include a review of the candidates, and consider the impact of local and statewide policy issues and current events. Who will be elected, by what margin and why? Address how much the COVID pandemic impacted the race? Be thoughtful, reasoned and objective in your analysis.

SUGGESTED LENGTH – 4 PAGES – Due November 7

3. Examine the outcome of the 2020 elections, the Census and the upcoming redistricting process in Illinois. Make and support at least two conclusions about the outcomes and their implications for the State of Illinois and its people. Who might benefit? Who might suffer? How has the media covered, and how have elected officials responded to the moment we find ourselves in?

SUGGESTED LENGTH – 6 PAGES – Due November 21
